Grand and Upright Pianos to Rent

No Other Change You Could Make in Your Home This Spring

would give it such cheer and attractiveness and gladness as would the addition of a beautiful, high-grade piano to your home furnishings.

GRINNELL BROS.

Own Make, Apartment Style PIANO

Only the fact that we build it ourselves and you buy from us direct makes possible our price of **\$350**

For it is built of the same choicest materials, by the same expert craftsmen, and with the same painstaking care as are our superb grand pianos. While it has the full 7-1-3 octave keyboard, the case has been so designed as to make it perfectly adapted in size to the restricted space of the modern home. It is an instrument built to bring boundless enjoyment and satisfaction wherever music is loved—and this Spring would be the best time of all to so greatly enrich and gladden your home. Payment may be made monthly, if you wish, a little at a time.

Speaking of Scotchmen, as usual, you can't beat my next-door neighbor, Angus, who bought a new second-hand car last week. Passing a filling station, his eye caught the sign, "Free Air," so he drove in and blew out all four tires.

The invention of a Canadian, a new musical instrument is said to combine the total effects of a violin and a mandolin.
