WYANDOTTE WINS SUNDAY BALL GAME

Birmingham Falls To Hold Early Lead And Loses 11-10

A ninth inning rally by Wyandotte defeated the Birmingham Merchants when these teams met at Springle Park Sunday afternoon in a game that was mixed with brilliant as well as poor fielding.

The closeness of the score contributed chiefly to make it a good game to watch. The local boys failed to hold a three run lead in the ninth and let the visitors romp in with four tallies to win the game, 11 to 10.

Wyandotte scored two runs in the first, registering only one hit in the same inning. A base on balls and an error gave them the

needed assistance. Birmingham failed to score.

Both teams went down 1-23 in the second inning and a home run in the third gave Wyandotte a third score.

Birmingham cut loose in the third and scored six runs, a home run by Moore being the feature of the inning. Wyandotte came back in their half of the inning and scored one run and in the fourth inning tallied four more, bringing the tally up to 7. This ended their scoring until the ninth inning.

Birmingham scored one in the fourth, went scoreless in the fifth and sixth and chased up three in the seventh, bringing their total to 10.

Wyandotte's rally in the ninth brought in four runs to win 11-10.

Lefty's safe-handed catch in left field was the fielding feature of the game.

State Hatcheries Ship Several Fish

Lansing, August 1.—We have heard a lot about the people and cars that cross the Straits, now comes Fred Westerman of the conservation department's fish division with a record of the game fish shipped to Michigan's upper peninsula this year.

Of the seventeen hatcheries operated by the fish division, twelve are located in the lower part of the State. So far this year 200,000 brook trout fingerlings were shipped north to the Taquamenon river feeding station; 500,000 eyed brook trout eggs and 800,000 eyed rainbow trout eggs were transferred from the lower to the upper peninsula hatcheries; 10,000 large-mouth bass advanced fry went to the Menominee rearing pond and

5,000 small-mouth bass advanced fry to the Sidnaw pond.

Further shipments of 50,000 large-mouth bass, 50,000 small-mouth bass, 50,000 brook trout, and 25,000 bluegills, all fingerlings, are planned for this season.

ROYAL OAK TO GET MAPLECREST SCHOOL

A settlement of the Maplecrest school argument is expected to feature the next meeting of the Birmingham board of education following their discussion of the proposal last Friday night with the Royal Oak board.

The action will conclude a controversy of two years standing relative to the annexation of the Maplecrest area by Royal Oak. Court progress of a test case has delayed the settlement, during which time the school has been financed by the Birmingham board.

A recent decision of the supreme court stating that the Royal Oak city district, which has been consolidated to include areas of which the Maplecrest district is part, was legal, established the school as Royal Oak territory.

The school site and building were paid for by the Birmingham district under a bond issue.

National Race Close

As the Twilight baseball season draws near an end, the race for league leaderships continue close. In the National league, the contest between the Midgets and Fitch's remains at a deadlock, each team having lotto-one game.

The Fitch-Midget game will be played on Tuesday at diamond 1 to decide which team is entitled to represent the American League in the final play off next Wednesday, Thursday and Friday at Barnum Field. If either team loses on Monday night this game will not be played, those in charge announce.

Sportraits

TOM HEENEY

Tom Heeney, the softener, hard rock from down under, will be acting in the capacity of a trial horse on the night of August 14 when he meets Victorio Compoli, the Argentinian skyscraper, at Ebbets field, Brooklyn.

Heeney has fought twice in this country since his defeat at the hands of Gene Tunney. He lost to Otto Von Forst in Chicago and was defeated by Jim Maloney in Boston. But in spite of these setbacks, Tom should prove a real test for the South American giant. He is always in there trying and whoever beats him takes all that he has to offer.

About 1,400 miles of railway line is to be electrified in Spain.
