SPRINGBOARD DIDN'T SPRING

James Lowman, son of Mr. and Mrs. Maurice Lowman, of Ferndale avenue, is about to make a beautiful "belly-flop" as the trusty Graflex lens caught his body doing a sort of leaping Lena through the air, from the spring-board overhanging the pond in Bloomfield Park. Neil Stark and Junior Mudge may be seen remaining on the spring-board, as though pondering the reason for James' inability to kick his legs up higher than his head. The water in the picture is in the new Bloomfield Park, just northeast of Birmingham, and is one of three small ponds made by damming up a small stream that flows there.

SERVICE MEASURED NOT BY GOLD BUT BY THE GOLDEN RULE

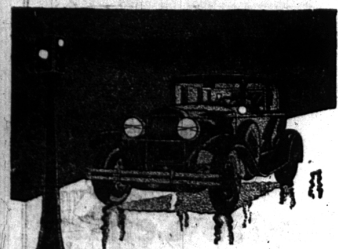

When We Are Called

From a distance, our service is prompt and efficient—just as prompt and efficient as though the call had come from but a distance of a few blocks.

Modern motor equipment has eliminated the matter of distance; it has made miles a mere matter of minutes. One calls us from anywhere with the assurance of prompt attention.

HOMES PERILED BY GRASS FIRES

The homes of Luther D. Allen, county official, and Elliott S. Nichols, prominent sportsman of the Hills, were seriously endangered, Tuesday, p. m., by a sweeping grass fire at Stinchfield Acres. The blaze was subdued by the Hills firemen, through the use of chemicals. Another fire was extinguished near the home of Fred Bohls, later in the afternoon. No damage was done.

Bees ran J. W. Redman's family out of their home in Toledo, Ohio, and firemen had to clear the house with smoke bombs.

Getting the wrong number on the telephone was particularly unfortunate for George Reed of Pontiac, Mich. He was trying to call up a customer for bootleg whiskey and got an enforcement officer instead; also got arrested.
