Hunting activities were resumed Saturday at the Bloomfield Open Hunt club, which from now

WHERE TREES MAY GROW

Trees—beautiful old trees, clusters of smaller trees, rows of hedges, these contributions of nature combine with a rolling topography of country and a winding stream to make Bloomfield Park an area of real beauty. If you don't play golf, baseball, tennis, bowling-on-the-green, or even horse-shoes, you'll like to wander around the new Bloomfield Park anyway. Here is Mother Nature in something of an original wildness, an unspoiled picturesque spot that will make you glad you live in Birmingham or Bloomfield Township, so that you may enjoy its loveliness.

Kennoway, left last Thursday to motor to San Francisco, whence they will sail early next month for their home in Honolulu. They were accompanied by Mrs. Thompson who will go with them as far as San Francisco. They plan a leisurely tour via the northern route, stopping at Yellowstone Park and Vancouver.

Mr. and Mrs. Robert H. Mackay, who were recent guests of her brother-in-law and sister, Mr. and Mrs. William D. Thompson of

Why Be Nervous?

Nervousness is an enemy to health because it prevents rest and relaxation. Nervous people cannot sit still and therefore do not get the rest they should from a sitting position. Nervousness prevents sound sleep, and interferes with the repair work that goes on while we sleep. It also prevents concentration, or the ability to hold the mind on a given line of thought for any length of time. Nervousness is caused by irritating pressure on spinal nerves at the point where they leave the spinal column, due to displacement of the spinal bones. The correction of this misalignment lies in the hands of the chiropractor, whose science teaches him how to detect such points of pressure and how to make the proper adjustments to get the bones back into their proper position again. For the correction of nervousness Chiropractic has no equal.

Several Year's Suffering Ended
"After several years suffering from eye trouble, rheumatism and nervousness and getting no results from medical treatment, I can truly say that I got immediate relief as soon as I started chiropractic spinal adjustments. Now my eyes give me no trouble at all, I am not bothered with rheumatism and my nerves are steady as a rock."
JACK GREEN,
Chiropractic Research Bureau.
