

1,000 Will Make Pilgrimage To Otter Lake Bill on Sunday

Detroit, Mich., Dec. 17.—The American Legion's Children's Bill, setting on the hillside at Otter Lake, is expected to be the nucleus on Sunday for 1,000 more Legionnaires and members of other organizations, on their Christmas pilgrimages to the Otter Lake camp.

Sixty boys and girls, little sons and daughters of deceased or disabled former service men, will be the recipients of the countless gifts, and hosts to a real dyed-in-the-wool Santa Claus, with snow and holly, red and white suit and everything.

Radio advice from the Far North, received at Legion headquarters here, to the effect that Santa has already packed his bag and sleigh with gifts for the children, which was not made known, could not be placed on the bill.

Several motor coaches have been chartered in Detroit and will transport the visitors to Otter Lake and return and it is deemed quite probable that Santa Claus, who has promised to arrive early, will stable his reindeer in Detroit and join one of the automobile parties for the trip to Otter Lake.

Indoor kindergarten equipment for the bill is to be furnished by Detroit Legionnaires, while the outdoor equipment, including a merry-go-round, is being supplied by other organizations.

The auxiliary members will be supplied with gifts of good, clothing, books, toys, candies and all other things that go to make up a merry Christmas celebration at the bill.

Department officers, including Raymond Kelly, commander, Robert J. Byers, assistant commander, and others, will attend the party. The National Vice-Commander, will not attend.

has not extended its manufacturing interests northward into Oakland County. No section as extensive as that between Wayne and northern boundary and Pontiac has escaped.

There is nothing in the enactments of the Village of Birmingham, or Bloomfield Township, or Oakland County or the State of Michigan to preclude establishment of any industry in Birmingham.

Within the past week a zoning ordinance, which is defined as a public nuisance, inimical to the health and safety of our people, has been enacted.

What has been hailed as the first "Pancake Breakfast" in Birmingham, will be held at the "Gaffney, the Great," at 35 and 30 pounds respectively, will constitute entertainment.

From noisome qualities of an industrial center; because it could not be otherwise; because of its upbringing and educating of children; because socially it offered the best of all things.
