GIVE HER A SET OF DOUBLE EAGLES!

We've had the pleasure of dealing with a good many of those "Regular Husbands" who have insured the safety of the family car with Goodyear DOUBLE EAGLES.

They and their wives stop in frequently to say how pleased they are and they've sent us many friends.

Challenge the statement that any other tires are "the same as" DOUBLE EAGLES! Give us a few moments and we'll prove the difference.

Imitated, but not equalled—that's the fact today. It costs less than you probably imagine to "Give her a set of DOUBLE EAGLES." Come in for prices and trade-in offer, no obligation.

TREAD and CARCASS

These are the two main parts of a tire. There is greater traction in a Goodyear Tread. There is greater vitality in the Goodyear Supertwist carcass. . . . Evidence? We will demonstrate. Proof? "More people ride on Goodyear Tires than on any other kind!"
