HIGH SCHOOL ATHLETES SEE BETTER YEAR

Expect To Improve Standings in Basketball, Baseball and Track

1929 SEASON FAIR

Birmingham's athletes of the Baldwin Junior and Adams Junior high schools look forward to 1930 with hopes of improving their athletic standings before the close of the school season in June.

While none of the schools attained the championship heights in all the preparatory forms of physical education, each school during 1929 accomplished at least one entirely successful season in basketball, baseball, football or track.

In the seasonal ratings of high school teams in the district last June, Baldwin placed third in the general standing. In track competition Baldwin athletes took third place at the regional meet at Ypsilanti; fourth place in the state meet at East Lansing and

third place in the County tourney.

Only Six Out of 15 starts in basketball during 1928-29 season, Coach Ernest Engel's cagers dropped to seventh place and their baseball record—five won and four lost, placed them in fifth place. And Coach George F. Johnson's Baldwin football team also fared badly, losing five in a row after two victories and a tie contest. But it scored a sensational victory in the final game of the season over the Acorns at Royal Oak to redeem itself. In view of the fact that the Baldwin athletes represent one of the smallest schools in the group with but little material from which to draw good teams, their record is not considered disgraceful.

So far this year, the Baldwin basketball team has won two games and lost one with a dozen other contests yet to be played.

The Baldwin Junior quintet, by its two victories, over the Adams Junior High for the first time, and the 34-8 whopping it handed the Berkeley team, gives promise of a good future in 1930. As members of the Little Six, the Baldwin Junior athletes in 1929 gained first place in both baseball and track honors in its division.

The Adams Junior High School under coach Elmer Wiseman rounded through an excellent basketball season in 1928-29, win-

NEW COACH

MR. DONALD JOY

Mr. Donald Joy, of Hastings, Mich., will take charge of the boys' physical education in the Adams school, commencing Jan. 27. He will succeed Elmer S. Wiseman, who leaves at the close of the present semester to take up M. C. A. work in Genesee County.

Mr. Joy is a graduate of the Hastings high school and of the Ypsilanti Normal College, class of 1929, where he received his B. S. degree. He specialized there in physical education. While Mr. Joy has had no experience in teaching, it is believed that under the practice supervision, he comes excellently recommended, according to Clarence Vliet, Superintendent of Schools.

NEW TEACHER FOR BALDWIN

Miss Margaret Holmes Of Detroit, Succeeds Miss Evangeline Purcell

Miss Margaret Holmes, of Detroit, has accepted a position as teacher of history in the Baldwin high school, commencing today. She will carry on the work of Evangeline Purcell, who resigned because of ill health.

Miss Holmes is a graduate of Alma high school, and Alma college of the class of 1924. She has an A. B. degree. She taught history and English two years at the Tecumseh high school, where she coached debating and dramatics. During her last year as a teacher at the Alma high school, Miss Holmes was a critic teacher in history for Alma college students who were practicing teaching in the high school.

Offered a position in Birmingham three years ago, Miss Holmes was obliged to decline, being under contract with the Alma high school at the time.

BALDWIN JUNIOR QUINTET VICTORS

Swamps Berkeley Team, 34-8, in Second Game Of Season

By holding the Berkeley Junior High School quintet to eight points in the first half blanking them in the second, a fast Baldwin Junior five completely swamped the Berkeley team, 34 to 8 on the opponents' floor last week. The victory was the second league win for the Baldwin Junior High team. They defeated the Adams Junior High in the first game and are scheduled to meet the Lincoln Junior High Jan. 10 on the Baldwin floor.

Bunyan and Hunt were high scorers in the tilt, each scoring 12 of the 34 counts that spelled defeat for Berkeley. Bunyan accounted for five field goals and two free throws while Hunt scored six field baskets. Baldwin scored on every free throw opportunity.

Berkeley scored all her points in the first half. The home team score was made up of two free shots and three field goals. At the end of the first half the score was 10-8 in favor of the Green and White.

HOCUS-POCUS

SALLY FORTH

THE NEW LEVIATHAN OF THE AIR

We have been reliably informed—from conservative headquarters—that it took 30,000 bicycle pumps to inflate this monster. Be that as it may, you now see the Spilly Earth leaving her hangar at Big Barn, N. J., for an epochal flight over Delaware, Brooklyn and the Bronx. That everything is positively airtight is proven by the snug, up-to-the-minute maneuvers of the dill-year ground crew. In a few minutes the SALLY FORTH will twirl the BIG BUTTON and away will go another record.

The owners of this beauty have just announced that they expect to sell her in the government on a cost-plus basis. Failure to get away with that the Sally FORTH will be knocked down to the first run syndicate that comes along WITHOUT OPERATOR AND ALL.

The Real Loss

The worried countenance of the bridegroom disturbed the best man. Tiptoeing up the aisle, he whispered to the bride.

"What's the matter, Jock? Hae ye lost the ring?"

"No," blurted out the unhappy Jock, "the ring's safe eno'. But, mon, I've lost ma enthusiasm!"

Darns Stocking With Flashlight

THE American girl, with her merited reputation of being the best-dressed in the world, knows the value her appearance of trim, silk clad ankles.

Her extraordinary good taste in clothes, she realizes, may easily be marred by unattractive hose, so she keeps her silk stockings looking like new. Even the girl student and the worker who must watch her expenditures closely, has learned how she always may have attractive hose.

Runs and holes in the stocking feet caused by wear may be easily repaired and prolong the life of silk stockings.

A great time and labor saver in darning was recently discovered by a home economist of national note. Her idea is not patented and it is

thoroughly practical. It will save you both time and money. She recommends that you use a small bulb's eye flashlight at night instead of a stocking darning.

Runs are usually hard to nip in time but a flashlight quickly exposes the broken thread and permits a neat mending job. The convex end of a flashlight is an excellent surface over which to stretch a sock or stocking with a hole, and, playing up from underneath, makes the darning easy. The mender can make a much better job than with the light coming from overhead. Even without an overhead light, you may now darn with comfort and ease by using a flashlight. A number "350" flashlight is the most practical size to use for darning.

A Record Never Before Equalled

In the past three years 18,000 people have become satisfied users of our Special Gas Water Heater. Just think of it—one home in every eight—in towns served with gas by this company—now enjoys "special" hot water service.

This record was made possible only by the proved, dependable performance of this heater. Satisfied and delighted users have been our best salesmen. You, too, will appreciate its record-breaking performance and low-cost year-round service.
