Working GHI

Regular and prospective customers of The Birmingham Eccentric will be interested in knowing that our forces are working day and night in the production of Good Printing.

This of course means that we are in a position to give the ultimate in SERVICE. When necessary, we can give you 24-hour delivery conveniently.

The need for a day AND night shift has resulted from the response of Detroit business men living in the village. These men have come to learn the advantages of having their printing done by The Birmingham Eccentric. They have discovered convenience, quality, service and fairness of price in their dealings with us. They have also found a new typographical excellence introduced into their printed matter.

We extend a cordial invitation that you, too, take advantage of the facilities of the largest combined printing and publishing plant in Oakland County The Birmingham Eccentric.

Whatever your needs may be, we can supply them . . . be they forms, circulars, booklets or stationery . . . in black or color.

Phone 11 for a repre-sentative to call at your Detroit office or your Birmingham home.

salespeople are eager to help so and in part, "such signs as are requently, found on business and requently, found on business and the second of the second

s rumble rather mutinous. You ow the sound. Like an inter-ban train slowing down as it mes around the bend. Never nd what bend.

Villagers and Village

Fred S. Ross, of Willetts street, a cesident of Birmingham for many years, told this Wanderer the other day that the village treasury might be saved a few to the control of the woodward avenue street lights after a certain time each the Woodward avenue street lights after a certain time each evening. I understand that we pay so much per month for each different the woodward with the pay so much per month for each different words and the word of the woodward with the wood was the wood words. I would be with the wood was the wood was
