**CHRISTIAN SCIENCE**  
"Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Demounced," was the subject of the Lesson-Sermon in all Christian Science Churches on Sunday, December 1.  
Among the citations which comprised the Lesson-Sermon was the following from the Bible: "He will keep the feet of his saints, and the wicked shall be silent in darkness; for by strength shall no man prevail" (1 Sam. 2:9).  
The Lesson-Sermon also included the following passages from the Christian Science textbook: "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "God has endowed man with inalienable rights, among which are self-government, reason, and conscience. Man is properly self-governed only when he is guided rightly and governed by his Maker, divine Truth and Love" (p. 106).  
**United Presbyterian Church**  
On Woodward at Forest  
Henry S. Evans, Minister  
Bible School, 10 a. m.  
Morning Worship, 11:15 a. m.  
Both of these services are for those who wish to worship God. The first service is for instruction of both young and old. We have never yet met anyone who knew all there is to know about God and the part we are to play in His kingdom. Some may think they belong to that class. But as a rule it works the other way: the greater the knowledge the more sincere is the desire to know more.  
Dec. 8th is Universal Bible Sunday, and the service of worship will center about its observance. There will be special music. For three weeks this announcement was purposely omitted. In that time, as far as we know, one person missed it and spoke about it. And the one never missed a service, anyway. Is that representative of the attention these announcements receive?
