JUSTICE DISMISSES DAMAGE SUIT HERE

Justice Floyd S. Buck rendered a verdict of no cause for action, Friday, in a damage suit naming A. E. Phillips, of Birmingham, as defendant.

Suit was brought by Mrs. Catherine Gergely of Detroit who alleged Phillips was responsible for damage to her car amounting to \$389.24 when her car overturned near Clyde, O., June 14.

Evidence showed Mrs. Gergely was passing the other car and turned into a deep ditch some distance further on, breaking a telephone pole. Justice Buck was told that Mrs. Phillips, and not her husband named in the complaint, was driving at the time of the accident. Two other passengers occupied the Gergely machine including a 12-year-old daughter of Mrs. Gergely.

Miss Mary Jacobs, 37, of Boston, who has been married and divorced five times, will soon wed again.

VARIETY IN STORES RECALL WARM CLIMES

Although Birmingham's temperature has been courting the zero mark for the past few days, the village is in the 'banana belt' as far as the scope of fruits is concerned.

Most of them are from sunny California and Florida where they claim the sun shines throughout the year.

From these states come oranges, bananas, grape fruit, and grapes which are considered the most seasonable fruits.

The select eating apples come from Washington, and cheaper grade, and varieties used for cooking are raised in Michigan also.

WE HEARD IT SAID BY C. F. McCarthy, barber. 'Long hair has had its day, and the bob is on its road to renewed popularity. I believe that by next summer, many of the women who are now letting their locks grow will be reaching for the barber's shears. Just yesterday I cut a woman's hair who had been letting it grow for many months. She had just returned from New York, and reported that she observed few there with long hair.'
