"Christian Science" was the subject of the Lesson-Sermon in all Christian Science Churches on Sunday, December 30.

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And the angel said unto them, Fear not; for behold, I bring you good tidings of great joy, which shall be to all people." (Luke 2:10).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Good Will: Key to the Scriptures," by Mary Baker Eddy: "Today the healing power of Truth is widely demonstrated as an imminent, eternal Science, instead of a phenomenal exhibition. Its appearing is the coming anew of the gospel of earth peace, good-will toward men" (p. 150).
