KEEP THIS IN MIND

when you trade-in your car

That one dealer may offer you a larger allowance than another does not necessarily mean that he is giving you the best deal.

You will buy most advantageously to yourself if you remember these basic facts:

1 A trade-in transaction is a PURCHASE, not a sale. You are simply applying your present car as a credit against the price of the new car.

2 Your present car has only one fundamental basis of value: what the dealer can get for it in the used car market. IT SEEMS to have different values because competitive dealers are bidding to sell you a new car.

3 An excessive allowance may mean that you will be paying an excessive price for the new car in comparison with its real value. In other words, the new car may be priced to permit the extra allowance.

4 Consider first the merits of each new car as compared with its price, including all delivery and finance charges. THEN consider the various allowances offered on your present car.

Don't put the cart before the horse.

MODE-MODELED "BARE-LEG ILLUSION" HOSIERY DAME FASHION'S NEWEST DICTATE

Reinasm Fashioned-Pool Leg-Conforming Hosiery in Sun Tan Shades and Precut Roll Ankle Socks Popular Vogue, Smart America favors the bare-leg idea but frowns on the bare-leg fact. The clever new "illusion" hosiery is Dame Fashion's answer to the bare-leg question. Fashioned-dot, seamless hose in sun tan shades, especially when worn in office detection from actual bare legs. A new scientific knitting process gives these mode-modeled seamless hose a finished shape of the leg like a second skin. Sun-tan shades to match the complexion of blonde or brunette make the illusion complete. Precut-Roll Ankle Socks are the perfect complement to the "illusion" hose. These silk socks with a snug, true rolled top, in a variety of color harmonies, when worn over the "illusion" hose make the bare-leg effect doubly certain. Together, hose and socks, give the smart woman an opportunity to keep up with the bare-leg vogue without the bare-leg discomfort. (Herbert Probst, New York.)
