

# NETMEN WIN OVER DETROIT

### Birmingham Team Emerges Victorious in Hard Fought Tilt

The Birmingham Tennis club defeated the Detroit Edison club at the Edison club courts last Sunday. The local netmen won by a score of 6 to 2 in a match that was hard fought throughout, most of the matches going to three sets including several deuce sets.

Birmingham emerged the victor in four of the single matches: Mills, Hartwell, Taylor and Williams winning, while Muzzy lost to Roger and Warner to Pease, of the Detroiters.

In the doubles Mills and Hartwell conquered Pease and Gould, while Taylor and Warner won from Roger and Cleary.

This is the second victory in as many matches in the present season of the local club. The previous week they defeated Bloomfield.

The next match will be played Sunday at 10 A. M. against the Detroit Tennis club at the latter's courts, Kirby and Brush streets.

# FRANKLIN

Mr. and Mrs. V. G. Converse, Jr., and small sons, returned recently from a trip at Brookfield, Mass.

Mrs. Russell Piebering and brothers, John and Robert Brodie of Silver Lake motored to Ann Arbor Thursday and visited Miss Meriam Risley of Pontiac, who is a student at the U. of M.

Henry Bailey is spending a week at his former home in Pennsylvania.

Mrs. William Clemons, Sr., who has been seriously ill at her home on the Thirteen Mile road is improving.

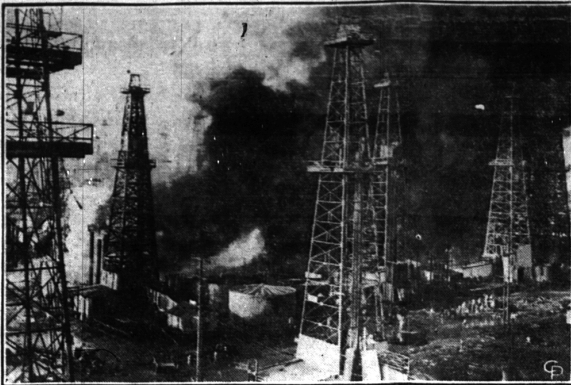

Mr. and Mrs. J. B. Wood spent the week-end with relatives near Gaylord, Mich.

Mr. and Mrs. George Angel, of Detroit, were guests of Mr. and Mrs. Archie Gray and family, Sunday.

Mrs. Ernie Stoker and small children are visiting relatives in Ohio.

A very pretty wedding was solemnized last Wednesday when

# AS CALIFORNIA'S WORST OIL FIELD FIRE RAGED

More than a million dollars damage has been done in a disastrous fire sweeping the famous Santa Fe Springs oil field, 20 miles from Los Angeles, caused by the bursting of a tank in which oil was being stored. With ten wells destroyed the fire swept out of control, threatening destruction to the major part of the field. This photo was snapped as the fire raged.

# ing of the season, much to the amusement of fans and players.

The American league game on Monday night between the Gyroscopes and the Baptists was won by the latter, score 11 to 3.

The Post Office fast mailers won a decided victory over the Exchange club in the contest between these two teams Tuesday night. Score 19 to 7.

Load whippers of protest reach our ears as the clouds of combat roll away following the clash between South Birmingham and the David Fitch boys. The score as it now stands is 10 to 5 in favor of Fitch's aggregation. This score may be struck from the records, however, if South Birmingham should get the support of the twilight league board of control in a protest which may be filed with Director Engel today.

Now that the heat of the battle has subsided, the South Birmingham manager may decide against a protest, however.

While on the subject of protests, perhaps it would be well to make a few things clear.

No protesting team would get to first base before the board of control with any kind of a complaint reflecting upon the decision of an umpire officiating in the game. Right or wrong, the umpire's judgment and decisions resulting from his judgment of a play are ALWAYS right.

The only time an umpire's decision can come up for protest is when said umpire has MISINTERPRETED a rule of the game and rendered a wrong decision because of this misinterpretation.

Protests can be made on other grounds, however, without involving the umpire.

### Tonight's Games

In the American league, the Firemen play the Municipals. These two teams were contenders for the city championship last year which the Firemen won. There should be plenty of action here. In the National league, the Midgets will meet the DeMolays.

Let's get interested in this popular Birmingham sport. Games are played at Barnum field, on Frank street, at 6:30 p. m. No admission charge.

# A KNOCKOUT!

## THE NEW SPARTON!

### Is Here

Entirely different—a new musical instrument—new in conception—new in design—magnificently new in range, power, and richness of musical expression. The new Sparton is heralded as "the greatest advance in radio." Be sure you hear it before deciding your radio purchase.
