Much Tala, BOTH QRAL and printed, has been sanifest since Dean Johnson, of St. Paul's Cathedral, an Detroit, resigned because of what he terimed lack of freedom of the pulpit to preach what he thought proper. In particular did the Dean refer to the situation of serving a vestry, the majority portion of which was wet; because he wanted to preach "dry," as well as other inclinations, he stepped out of, the subjet. The Dean should make a study of the maner in which preachers in the smaller communities named such situations.

It has been stated that no man is in a sound contion when a socially ambitious wife is running his ife. Hardly true, unless the man is deaf or at least hard of hearing, we opine.

The Parent-Teacher Council

In spite of the recent dissolution of the local Parent-Teacher Council, an organization composed of officers from Parent-Teacher units of the ist Birmingham schools, we are unwilling to believe that this vacuity of parental interest is a true reflection of the intelligence of the parents of the children who attend our schools: we are inclined to view it merely as a temporary full in the program of those who send their children to school, and pay heavily in the process.

The cannon, of course, are the protests of parents of boys who play on Baldwin High School's football team and many other citizens of Birmingham who remember all too well the game last fall. Perhaps there is little reason to worry. The school board seems so determined not to demand the game be cancelled that its tried and trusty members may trust from getting the bond issues across to summer practice, so they themselves can take the places on the gridition of the boys who will not be allowed to play.

The positions of quarter and half backs appear to be open. Maybe there will be more. So come on board of education, devote those Monday evening meeting hours to a lattle signal practice. There is a fisce big vacant for right next to The Eccentric office that would be ideal for weekly workouts. With eright kind of publicity there will be sufficient cash customers at the game next fall—and that seems oe the object. Let's go!.
