

PLAN CHILDREN'S DAY PROGRAM AT FIRST BAPTIST CHURCH

A special children's day service will take the place of both the regular Sunday School and Church services, Sunday at 10 a. m. in the Birmingham Baptist Church.

Following the organ prelude, in processional hymn, responsive reading and prayer, in which the congregation will participate, Marjorie McAlpine will give a recitation entitled, "Children's Day."

The primary department will sing "The Message of the Flowers" and the following schedule as it is the only way some of the team members have of letting team mates know when they play.

The primary department will sing "The Message of the Flowers" and the following schedule as it is the only way some of the team members have of letting team mates know when they play.

The committee in charge of the Children's Day program consists of Mrs. Herbert Gardner, chairman, Mrs. David Anderson and Mrs. George Jackson.

WE HEARD IT SAID BY Commissioner Robert H. Allen: "A decided improvement in our traffic situation is evident since the No-Left Turn rule has been enforced over the week ends, at Maple and Woodward avenues. Congestion has been reduced to a minimum, safety in crossing street intersections increased and generally a better condition exists. The people of Birmingham have been responsive to the rule and the slight confusion that has arisen is caused by lack of experience. A danger will be eliminated as motorists remember the rule and a full stop before making a right turn against a red traffic light."

PECK HEADS CHURCH GROUP Rice Flays Futility Of 'Endurance' Contests In America Raymond Peck is president of the Peck Heads church group. He is president of the following elections held at the annual banquet, which ends the season, at the church Tuesday night.

Metropolitan Methodist Church of Detroit, was the speaker. The banquet was the largest of the season. Officers elected are: Chester Iverson, vice president; Charles E. Bunk, treasurer; and Eugene R. Arsenault, secretary.

Dr. Rice flayed as futile the many tests being made in America today by extremely big corporations who establish records for parsons dancers, peanut pushing, flag pole sitting and coffee drinking.
