ARE THE CHILDREN ASHAMED OF HOME?

The children won't bring their friends to an uncomfortable home. But they'll be proud of an American Radiator heated home—and we'll make a generous allowance on the old furnace. We'll be glad to explain how little it costs and how conveniently you can pay for it.

Don't Overcharge Your Battery

Your battery may be seriously damaged by overheating. Longer runs in summer . . . if you use your lights only occasionally . . . if your generator is charging all the time the result is an over-charged battery which will over-heat and result in serious damage.

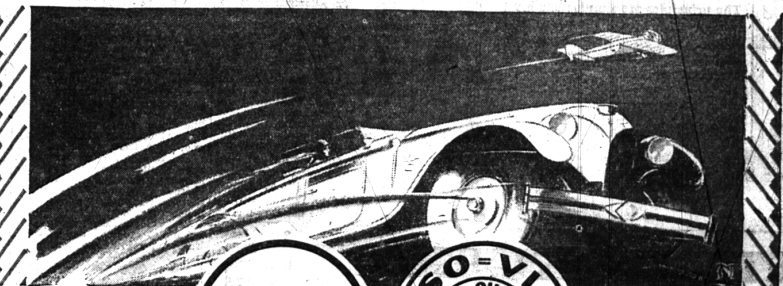

Let us inspect your battery regularly and protect it.

MOTOR OILS You can trust

Polarine Iso-Vis

It's a hard life for the modern motor! Traffic is congested. Engines are built with higher compressions. Cars are driven faster. Motors run hotter. Correct lubrication is more important than ever before. Only the richest and sturdiest motor oil will stand up under the strain!

Polarine will do it! Polarine is rich—sturdy—steadfast! It covers every frictional surface of the engine with a protecting cushion of oil.

Iso-Vis is an oil of unusual quality. It lubricates the engine faithfully—to stand up under the strain of today's driving. Like Polarine, Iso-Vis is rich and sturdy and steadfast.

No need to drain the crankcase so frequently if you use Iso-Vis. This new type, constant viscosity motor oil gives a new type of lubrication service. It will not thin out! It wears and wears and wears!

For smooth motor miles—and a long life to your engine—use Polarine or Iso-Vis. They are dependable products of the Standard Oil Company (Indiana). They are the motor oils you can trust.

By draining the crankcase every 500 miles and refilling with fresh Polarine, you insure satisfactory lubrication of your car—at minimum cost.

At any Standard Oil Service Station and at most garages

STANDARD OIL COMPANY
BIRMINGHAM MICHIGAN

For quick service use air mail

Universal Aviation Corporation, operating fleets of passenger and mail planes between Chicago, Kansas City, St. Louis, Omaha, St. Paul, Minneapolis, Cleveland and Louisville, uses Standard Oil Company products to protect their great Way and Horner engines against friction. The same must go!
