BROOKS' CLUB GIVES SHOW

More than 60 children at the Adams school have signed up for tennis. Lewis Randall, business manager of the Birmingham schools, told the board of education Monday night in citing the immediate need of additional tennis courts in the village. The school has no tennis court, however.

Recently the board received a petition from villagers asking that two courts be built in the village. Mr. Randall estimated that two double line courts could be constructed at an approximate cost of \$3,000.

The board referred the matter to Randall for further investigation.

The minstrel last night was under the direction of Mrs. Harriet H. Vance and the musical director was Lloyd Barr.

Those who took part in the show are the Rev. Vance, Leo Cooper, Jack Nichols, Ralph Rose, Lewis White, Fred Asch and Floyd Walker.

The purpose of the club, according to its by-laws, "is to inspire in the boys a desire for higher moral, mental and physical attainment; and further to direct the efforts of these boys toward greater interests in the advance of aviation."

The exact date is June 5.

The Baldwinian this year is dedicated to Miss Merle E. Taylor. Miss Taylor has made this as well as many former year books possible through her business advice. She has worked on the Baldwinian staff four years, while carrying her duties as instructor of Geometry in the high school.

A divorce was granted Mrs. Alice M. Brandon of Birmingham from her husband Frank P. Brandon by Circuit Judge Glenn C. Gillespie Thursday when the defendant failed to appear in court to answer charges of non support and cruelty.

The Guardian of Health

NATURE in her all-knowing way devised a sheath to protect the delicate nerves that control health. It is the spinal column. It had to be supple. So it was constructed of many hollow segments.

In many instances these segments move out of line and squeeze the nerves, which results in an ailment induced by the nerves so pressed against.

Chiropractors simply remove the pressure by readjusting the spinal column. It is painless—requires no medicine—and gives instant relief. Drop in at our office or phone us to call at your home.
