

CLERGYMAN SPEAKS HERE

Rev. Magary To Open Baptist Brotherhood Meetings Tuesday

The Rev. Alvin Magary, pastor of the Woodward Avenue Presbyterian Church of Detroit and well known speaker over the radio, will give the principal address before the Baptist Brotherhood at their opening meeting and dinner Tuesday at 6:45 p. m. in the church.

Other details of the program, which is expected to be given before 150 members of the church organization, are being worked out by Chester Iverson and his committee.

Meetings of the organization this year will be held less frequently than last season but will be on a larger scale, officers of

the club say. Meetings last year were held once a month with programs featuring village men. An effort will be made to have a speaker from other cities who is outstanding in his field during this winter, it is reported.

Mr. Magary, besides his reputation as a speaker in his pulpits and at dinners, also is well known for his question box hour broadcast over the radio.

PLUMSTEAD CLUB SPEAKER

Elsworth Plumstead, of 535 east Maple avenue, for 30 years a vaudeville trouper, will give character presentations before the Gyrophytes at their weekly luncheon meeting tomorrow at the Chateau Tea Room.

Advantages of the new Community House for such organizations as the Gyrophytes were explained by George S. Yapple, executive secretary of the House, in a talk before the club last Friday, who invited the organization to use the House often.

"Almost," rejoined his partner, looking sadly at the rows of empty seats.

Neighbor—How is our son this morning?
"Oh," replied the mother, "he's about the same; there's no improvement one way or the other."

Are We Worthy? Of all the nations in the world, America has been singled out for the blessings of material prosperity. We are the wealthiest people in the world today, and perhaps the happiest.

Thanksgiving Day, therefore, comes as a needed reminder that we owe our thanks and our gratefulness to One who has been to us, as a people, exceedingly generous.

Turn those old tires into cash they're worth money in a trade-in

We're going to let you in on a secret—the majority of tires turned in toward the purchase of new Firestones, we make money. Not a lot—most of the time it's pretty close to the amount we allowed you. However, we don't lose.

That solves the answer to your question, "how can you afford to make such generous allowances for old tires when we buy a new set of Firestones?"

Combine the trade-in allowance with the PRESENT low prices and there is no reason under the sun why you, too, shouldn't be driving on new Firestones, the world's greatest tires. Come in and look them over.
