 Accused—"Both of them."

 "Prisoner, the jury finds you guilty."  
 "That's all right, Judge. I know you're too intelligent to be influenced by what they say."  
 —The Concoridian.

"Are you wearing spectacles, old man?"  
 "Yes." Through cross-word puzzles I've contracted an optical defect. One eye travels vertically and the other horizontally!"  
 "We read of the young lady who went visiting."  
 "Is the crystal gazer in?"  
 "Not just now, mam. She's just stepped over to the palmist's to have her fortune told."

**New Lamps for Old**  
 Large Sizes for Small, or Small Sizes for Large  
 NOT all lamp bulbs have a renewal value, nor are all lamps of the same efficiency. Do not be deceived by so-called "low-priced" imported lamp bulbs: In the long run, they are costly. They consume much more current for the amount of light given. They cannot be renewed, and for purposes of exchange are worthless.  
 Only Mazda lamps are handled by The Detroit Edison Company. They are available in fourteen types, and have high illuminating power for low current consumption. Mazda lamps are modern, high-efficiency bulbs, constantly improved by the Mazda research staff. They are renewable without charge in all the ordinary residence and commercial sizes. The Detroit Edison Company exchanges, without charge, new lamps for burnt-out or buckened lamps, and larger size lamps for small ones, or vice versa.
