GAIN SHOWN IN DONATION FOR SCHOOLS

Appropriation For Village Education Raised To \$39,595

LIBRARY GETS \$1,372

Appropriations of the state to the library and the Birmingham schools for 1929-30 today show a marked increase over those of last year. The school figure shows an increase of \$2,084.86, with this year's total given as \$39,595.40.

The library received \$1,372.78 from the state, an increase of \$549.28 over the preceding year. The appropriation to the schools is intended for the paying of a portion of the salaries, according to Louis M. Randall, business manager of the schools.

A recent act of the legislature and the increased enrollment are responsible for the larger appropriation, Mr. Randall explained.
