SLIGHT ILLNESS IN VILLAGE, REPORT SHOWS

Health Officer Summarizes Work During Month Of August

29 PERMITS GRANTED

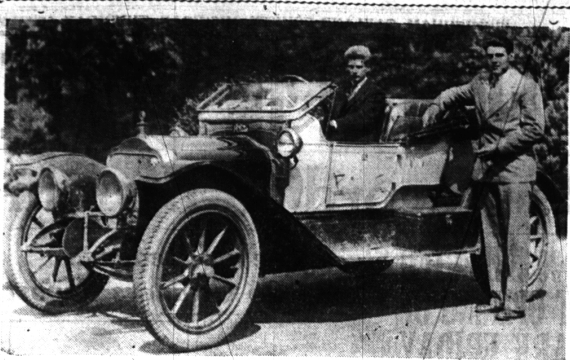

Although 49 home calls were made by the health department during the past month, but little serious illness was found, according to the August report made public today by Dr. A. W. Newitt, village health officer.

Twenty-two cases of contagious diseases have been reported, 11 of these being whooping cough. The report shows 10 children referred to private physicians and five sent to the University hospital at Ann Arbor.

During August, 29 persons were granted permits as restaurant workers against 14 of the preceding month. Office conferences for the month totaled \$6.

The report of Ernest E. Morrow, inspector, shows a month of marked activity with 21 stores visited. During the month 22 milk samples and 24 water samples were collected. Forty-six throat cultures were made in the village laboratory, besides 25 miscellaneous tests. Twenty-nine samples of water and 38 of milk were tested during August, the report shows.

Village Youths Tour West in 17-Yr.-Old Car

Roderick Cox, Malcolm Otis and the 17 Year Old Car

A trip of 8,500 miles over the most difficult roads in the United States in a car of the 1912 vintage—and not a bit of trouble.

This is the boast of two Birmingham boys today following their two months tour through the west to California. They are Roderick Cox, captain of last year's Baldwin High School football team, and Malcolm Otis, editor of the school's year book. They toured in the latter's 17 year old White roadster and were gone from the village two months.

The hardest climb in the country—Pike's Peak—was made with little trouble, Otis reports. He said the engine became warm in

second speed but when he shifted to first it took the mountain almost as though it were a hill.

The car made an average speed of about 30 miles an hour on the trip. On level roads it averaged from 19 to 20 miles on a gallon of gasoline but made about 17 miles on a gallon for the average. It took a quart of oil for 100 miles.

"We did not have any trouble with the car," Otis said. "Occasionally we would adjust the carburetor, but that is about the extent of the mechanics we performed."

The longest run in one day was from the Grand Canyon to a point near Los Angeles, a distance of approximately 500 miles.

The picture of the travelers shown above was taken in Tacoma, Wash., and it ran in the newspapers there. In many of the towns visited by Cox and Otis the car created quite a stir.

Although Birmingham is used to the roadster, it caused hundreds to stop and stare through the west, he said.

"In San Francisco we stopped on a main street to telephone. When we came from the store about 75 persons were gathered around the car," Otis said. "Many of them on the outer edge of the crowd did not know what all the excitement was about, but were just looking."

The pair camped along the route, rarely stopping over night in the cities.

(Concluded 1 from Page 1)

Johnson said when he viewed the team yesterday, "but we will have a heavier team than last year and if the weather this fall is as wet as it was on playing days last fall, this should be a decided advantage."

He pointed out it will take longer to get the team into shape this year because of the number of new places to be filled.

The large squad was equipped yesterday and will be kept working daily until the Pontiac games. At that time, the regular squad will be selected and the others sent with the Aeseroves. About 30 players are expected to make up the first team squad.

The nine stiff games on the schedule follow:

- The Schedule**
- The schedule follows:
 - Sept. 21, Pontiac—there.
 - Sept. 27, Grasse Pointe—here.
 - Oct. 5, Ft. Huron—there.
 - Oct. 12, River Rouge—there.
 - Oct. 18, Mt. Clemens—here.
 - Oct. 26, Fordson—here.
 - Nov. 2, Fordson—here.
 - Nov. 8, Open.
 - Nov. 15, Hazel Park—here.
 - Nov. 22, Royal Oak—there.

(Concluded 3 from Page 1)

be held at noon Oct. 6. Details of the services are being worked out.

The Pontiac, Birmingham, Royal Oak Township, Town and Country Y. M. C. A. is in charge of program.

Charles J. Shain, of Birmingham, is general chairman. Merris Cole, of Ferndale, is chairman of the recreation committee and George H. Kimball, Jr., of Pontiac, chairman of hotel accommodations.

Mrs. S. M. Dudley, organist at the First Presbyterian Church, has returned from a motor trip to Washington, D. C. and New York City.

STORE NOW IN NEW LOCATION

Birmingham Hardware Company To Have Opening Sept. 14

A tentative date of Saturday, Sept. 14 is set for the formal opening of the Birmingham Hardware company at their new location, 152 north Woodward avenue. It is owned by Lester Slusser. They have moved from their old site at Woodward and west Maple avenues which they occupied for the past 15 years to the former location of the Gustine and Miller store.

The new store will offer the added feature of a complete house-furnishing department in the basement, according to Lester Slusser owner and manager of the store. "We also plan to increase our sporting goods line," he said, "and in some instances will act as direct representatives of the factory."

Mr. Slusser came to the village when Birmingham boasted a population of 3,000 persons, purchasing the Phillip Schlaack hardware store. At that time Mr. Slusser was a traveling salesman for sporting goods, a line which he has always featured in his store.

No less than 48 useful products are now made from furfural, derived from the hulls of oats.

(Concluded 4 from Page 1)

which will be divided into talks by prominent clergymen and educators, and discussion groups.

Two hundred delegates from the high schools and 50 adults are expected. Approximately 20 will attend from Birmingham.

The conference will start at a breakfast in the morning at the Fox and Hounds Inn. The group will then go to Christ Church, Cranbrook, where Dr. S. S. Marquis, rector, will address them on the theme of the conference. Then discussions will be held, a tour through the estate of Mr. Booth and luncheon in his pavilion will follow. Dr. William G. Stevens, headmaster of Cranbrook school, will be the afternoon speaker and the Rev. W. B. Aulenbach will speak after the vesper service in the evening.

The conference is invitational and is under the auspices of the Young Men's Christian Association of Birmingham, Royal Oak Township, Pontiac and Town and Country, and with the co-operation of the School Masters club.

THEATER IS SUED BY WOMAN PATRON

Villager Charges Unlighted Step Caused Serious Injury

(Special To The Eccentric) Pontiac, Sept. 4.—The Kunsky Theaters corporation is named today in a \$5,000 damage suit filed in circuit court by Mrs. Jessie T. Wrightman, of 116 Oakland avenue, Birmingham.

Mrs. Wrightman charges that April 20, 1929, she stumbled over an unlighted step in the Birmingham theater incurring injuries which deprived her of use of her left leg for four weeks.

DUTTON The Dependable

New Car Tops

Look at the top of your car! Is it as attractive as it should be? Does it give you the protection you need against the elements? If you MUST answer these questions in the negative, an early visit here will be a tribute to your good judgment. Charges most reasonable.

Is Your Child Handicapped?

YOU wouldn't put your boy in a diving-suit and expect him to win a foot race. Certainly not.

Yet you may be starting him in the race of life under a handicap just as heavy. How are his eyes?

Oh, my child sees perfectly, you say! Wait a minute, now. Seeing well is not necessarily an indication that his eyes are right. Eyes and sight are two different things. For example, it is possible for children, like grown-ups, to see clearly with defective eyes. But they do so only by drawing excessively on their nervous energy.

This overtaxing of the nerves, to make defective eyes see clearly, may affect your boy in ways you never connect with eyes. Is he fretful? Nervous? Listless? Does he have headaches, indigestion? Any of these symptoms may be due to his eyes.

So you see it is unsafe to assume that your child's eyes are normal. Whether he sees well or not, you should have his eyes examined. It's the only way to make sure he's not entered in the race of life under a very serious handicap.

Now, while your child's eyes, is the time to act. If you give him now the help he needs, he may not have to wear glasses later. Arrange—today—to have his eyes examined.

QUALITY

In buying a diamond ring make your main consideration the "quality of the stone."

Fine stones are an investment for all time, no matter how often the settings may be changed.

You need not obligate yourself in the least to examine our fine selection of diamonds. Ask questions, if you will make a fine diamond fine.

\$100 others from \$25 upwards

We'll help you make an intelligent and profitable selection.

Who bosses your bathroom?

Can you call your bathroom your own—or do the children monopolize it just when you want it? If they do, the answer is another bathroom.

We are experts at installing new bathrooms in old houses. We know how to do it at moderate cost, too, though we insist on the most thorough workmanship and the finest plumbing fixtures obtainable—Kohler Ware, for instance.

Call us up and ask us to estimate, anyway. No charge for that. And no obligation.
