Has Your Bus Lost Its Wallop?
Does it drag up the hills and get all hot and bothered after a five or ten mile jog?
Does it lack pep at the getaway—heat up on the straightaway—let others pass you up on the highway?
Ninety-nine chances out of a hundred the trouble is simply—CARBON! Use Carbo-Solve. It will clean out the carbon over night and give you a sweet-running, peppy motor again!
Certainly a KNOCK-OUT!

Our Dry Cleaning Restores Spic - and - Span Newness
The New System we have installed does really different work, because it actually is AS DIFFERENT AS WHITE FROM BLACK
There is nothing like it elsewhere in Detroit. A new and different fluid is used, the most perfect for cleaning ever known. It is non-inflammable—leaves no odor whatever—cannot shrink any fabric. Garments are bathed in great pure floods of it, and it cleans through every thread in a way never possible before. And make note of this: Fabrics STAY CLEAN LONGER, for there is no oil film left to catch soil. You will know a real thrill when you see how beautiful fabrics look, how soft and clean and fresh they feel. Colors are clear and bright. Silks regain their life and lustre. Woolens, too, are just like new. There's a treat, and a great surprise, in store for you. TRY THIS!
