## JUNIOR CLASS PLAY TONIGHT AT BALDWIN

"Captain Applejack," 3-Act Comedy, To Be Given In Auditorium

MRS. SISSUNG DIRECTS

"Captain Applejack," the Junior class play, will be presented in Baldwin High School auditorium tonight, under the direction of Mrs. S. Sissung. The play, termed an Arabian Night adventure, is probably the most unusual play this has been presented in the High School auditorium for a number of years, says Mr. Corbett. A comedy in three acts, it has been considered previously by other classes but rejected because of the evident difficulty of producing it. With the cooperation of the art, sewing and manual art and music departments, it has promise of success.

In the art department under Mrs. Helen Kilder, the most striking piece of work accomplished for the scenery is the elaborately work necessary in constructing and designing the interior cabin of the pirate ship.

## COLLECTING MOTHS IS BALDWIN SOPHOMORE'S INTERESTING HOBBY

In the ranks of Baldwin High School's famous students, Ward Cowell, member of the sophomore class, claims the distinction of the school's amateur naturalist developing his interest in the raising of moths. Ward first became interested in the subject of moths five years ago while a student in one of Miss Florence Achery's seventh grade science classes after she had discussed some interesting facts in relation to her collection.

Beginning his collection with two cocoons presented to him by Miss Achery and raised under her direction, Ward has now approximately 2,000 moths of 75 different species ranging from a quarter of an inch to an eight-inch wing spread. Included in the display which he has preserved are many beautiful moths, several species coming from other states, especially Tennessee.

"In closely studying the moth under Miss Eleanor Miller, of the sewing department, the pirate costumes have been designed and made. The manual arts department under H. D. Crull, has constructed the scenery.

Following is the cast: Ambrose Applejack the leading role played by Gilbert Hopper supported by Helen Guckelberry as Poppy Fair, Betty Irwin, Anna Valenka; Richard Elberly, Bovolisky; Marjorie Phillips, Ambrose Applejack; Ruth Pratt, Mrs. Pengard; Neil Welch, Mr. Pengard; DeWitt Harris, DeWitt; and Thomas Moore, as Johnny Jason. ## COACH ENGEL DELAYS SPRING BILL PRACTICE

Bad Weather Forces Candidates Indoor; Battery-men Workout

GO ON VACATION

Owing to unfavorable weather conditions, the call summoning all-around baseball men first not be issued at the Baldwin High School by Coach Ernest Engel until after the Spring vacation, and west in all Birmingham Public Schools. The battery men, called to practice last week are still going through general conditioning training in the gymnasium.

Coach Engel had the squad out-doors for a while Monday evening and put them through vigorous try-outs. The changing weather makes outdoor practice for the battery men uncertain, however, and they are forced to wear the gym with the candidates for the track team who are also undergoing strenuous practice.

The baseball team this year will have many veterans back in play. Four of the veteran battery-men have already reported to Coach Engel and when the general call goes through, several vets for the other eight positions are expected to show up.

Wedge is the veteran pitcher out for the team, going into his fourth year. Schwarze and McGinn follow closely. This trio is expected to take over the mound for the most of the season. Coach Engel is devoting much time to the development of the novices. Wedge and Anderson, former Little Six League pitchers will get much practice during the coming season and will be in good shape for the permanent jobs next year. John Chandler and Howard Whalen are the other types out for pitchers.

The catching squad has as its vet Lauren Ford. Ford will undoubtedly be the first string catcher for the coming year. The catching division is going through strenuous workouts. Smith and Patterson are the beginners at the post and are formerly of the Little Six League.

Indoor practice will continue throughout this week until the larger body of men turn out after the Spring vacation period.

SCHOOLS WILL DEBATE CHAIN STORE PROBLEM

As a result of a vote cast by Michigan High Schools in favor of the Chain Store question which is arousing so much interest in the state, the question for debate in the 1930-31 series will be "Resolved: That Chain Stores Should be Abolished." According to reports issued by the Speech department of the University of Michigan this question, because of its timeliness and public appeal, will arouse tremendous interest. Approximately 300 Michigan schools will enter the contest and 1,500 debaters will participate in the 700 debates which will be heard by 150,000 people.
