Antiques

If you seek the unpretentious in authentic antique furniture you will be impressed with the collection of drop leaf tables now on view in our shop. This collection comprises eighteen tables. The woods are curly maple, cherry, pine, walnut, and mahogany.

You will also be interested in seeing the spool and poster beds, the glass and china, and the varied collection of Canadian Hooked Rugs.

**Near The
Cross-Roads of
the Village**

BIRMINGHAM has been aptly termed a "two-street" community. It has two business streets — Woodward Avenue and Maple Avenue. Woodward Avenue may well be called the transient highway.

Maple Avenue, however, is our own local street, the only through east and west thoroughfare in the village.

The Wabeek Building is conveniently located on West Maple Avenue near the cross-roads of the village. There is easy accessibility from every direction — north, south, east and west — yet it is sufficiently removed from the noise and congestion of traffic to permit the transaction of business amid quiet and restful surroundings.

The hazards of over-time parking are removed because of the facilities afforded by our own private parking space.
