FLAXMAN WROTE OF WEDGWOOD

"He converted a rude and inconsiderable manufactory into an elegant Art."

Wedgwood

Tastes change, 'tis true, but in genuine Wedgwood is to be found beauty that cannot help but become heirlooms tomorrow. For Wedgwood is built upon great traditions rather than an imitation of the styles of the past.

The St. Austell, Patrician, Prairie Flower (illustrated above), and Paris patterns are on view here. We would like, especially, to show you a demi-tasse in Patrician.
