A Display of New CHRYSLER EIGHTS

In The Lobby

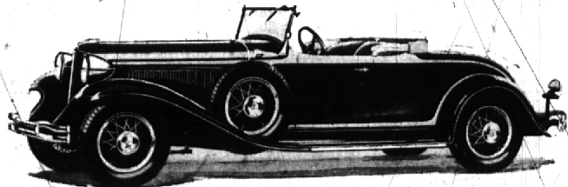

CHRYSLER EIGHT COUPE

Of the new Special Coupe, Chrysler is justly proud. Low swung with long sweeping curves, the body emphasizes the fleet lines of radiator and hood. This car is the essence of symmetry and beauty. Exquisite interior fittings, deep pillow type upholstery, wide seats, all contribute to pride of ownership, comfort, and dollar value.

New style . . . new luxury . . . new mechanical progress . . . new performance results . . . new value standards. Come tonight, don't miss the opportunity to see this sensational new car, with its continental smartness, exquisite body appointments, and its perfectly balanced and correlated mechanism.

The added attraction of a special exhibition of new Chrysler Straight Eights makes it a great week to attend the Publix-Birmingham Theatre. The Chrysler display is staged in the lobby—the Special Coupe and Special Roadster models of the first eight-cylinder cars ever to bear the Chrysler name.

CHRYSLER EIGHT ROADSTER

No line of Chrysler cars would be complete without the Roadster—famed for its flashing performance. The new Eight Roadster simply sets a new standard—the inevitable result of a finer, bigger, more powerful Chrysler engine. Complete with windshield side wings, folding type windshield, tandem type windshield cleaner, smoking and vanity sets.
