

# Ten o'Clock Monday Night May Mean VICTORY OR DEFEAT To Candidates In Eccentric's Campaign

## Final Warning To Candidates

If you are really in earnest, and hope to win one of the two big motor cars, or the Majestic Radio, you absolutely cannot afford to loaf one minute of these last few days of the all important first period. These three days may mean win or lose and the latter is most certain if you slow down now.

Never again after 10 P. M. Monday will you be able to secure as many votes on subscriptions as you can now, and it is votes and votes alone that will decide just who will be the owners of the two brand new beautiful

enclosed cars. Don't "Fool" yourself into believing there will be plenty of time later to make a showing—this is absolutely not that kind of a campaign, so if you mean business, these three remaining days of the Big First Period Votes will find you leaving no stone unturned toward getting every possible subscription. No candidate has won or cinched any car, so far, in this campaign—far from it. Therefore, it remains that between now and Monday night may mean victory or defeat, success or failure.
