THERE never has been a time when the tire-buyer's money could buy as much as right now.

Rubber's chean - and consequently tire prices are the lowest they've ever been.

People with an eye to values are seizing this chance and making the most of it.

They're buying Goodyear Tires -because right now they can buy them for as little as they used to pay for inferior or unknown tires.

Why are they singling out Goodyear Tires with especial insistence as against all others? Because Goodyear Tires are definitely superior in tread and

> carcass, the two main parts of a tire.

The Goodyear All-Weather Tread is superior in traction.

The Goodyear Supertwist Carcass is superior in vitality and long life.

You are not asked to accept these statements without inquiry.

Any Goodyear Dealer will be glad to demonstrate the facts. The facts certainly are: Goodyear Tires do give greater value. As far back as 1916, it became a

fact that more people ride on Goodyear Tires than on any other kind.

Every year since that time it has been increasingly true that more people ride on Goodyear Tires than on any other kind.

Today this preference for Goodyears runs into millions: millions more people ride on Goodyear Tires than on any other kind.

More Goodyear Tires than any other kind annually leave motor car factories on new cars-more Goodyear Tires go into service through the great Goodyear dealer organization - more Goodyear Tires are used by transcontinental, urban and interurban buses.

There can be only one conclusion: Goodvear Tires must be better-and at present prices they are a matchless bargain.
