Elaborate Plans For D'Molay Event

Elaborate preparations for the Harvest Frolic, the annual fall dance of the James S. Hasbenger chapter, order of D'Molay are under way, and members hope to make it the most successful dance in the history of the chapter.

A six-piece orchestra, which plays frequently at fraternity and college parties, and has been engaged for the affair, which will be held Nov. 28 in the Community House. Members of the chapters in the metropolitan district and of the Pontiac chapter expect to attend, and the committee is preparing for more than 100 couples.

Daibert, Fear is chairman, and is assisted by Hal Simmons, William Lancy, Glenard Schwallie, and Wilbur Dalley.

Champion Typist Shows His Speed

Albert Tangora, rated as world champion typist in 1923-25 and again in 1928 last week gave a demonstration before the pupils of The Business Institute of Pontiac in which he demonstrated the importance of rhythm in typewriting.

He showed how easily 60 words per minute can be written by a typist who has good rhythm. He also showed that typing can become largely automatic.

While answering questions and carrying on a conversation, and also while adding a four-digit column of figures, he wrote at the rate of 135 words per minute without error. In 1928 Mr. Tangora wrote for one hour at the rate of 123 words per minute with only 52 errors.

Congressman Earnest R. Ackerman of New Jersey bought an umbrella in Liverpool on June 11, 1880, and has carried it during the intervening 50 years a distance of about 740,000 miles.

52 YEARS IS A LONG TIME . . .

Yet that totals the number of years that The Eccentric has been offering the citizens of this area a newsy, timely and interesting service. It is called by any other Michigan weekly newspaper "The Eccentric" why a job of printing completed by The Eccentric is a "satisfying creation."

STRIKING IN DESIGN STURDY IN CONSTRUCTION

Cash Price \$105 Installed \$10 Down, \$6 Per Month

The ELECTROCHEF* electric range

STRIKINGLY different in appearance from all existing cooking stoves, the modern lines of the ELECTROCHEF electric range set a new standard of beauty in kitchen equipment. ELECTROCHEF'S spotless white porcelain surfaces are not only attractive but are scientifically designed to make cleaning easy. All unnecessary parts have been eliminated, with the result that the ELECTROCHEF is the first really modern kitchen range.

The ELECTROCHEF is a quality product. Only the finest materials enter into its construction. The ELECTROCHEF is built throughout of heavy rust-resisting Armco iron, and is finished in mirror-like chromeplate and three coats of porcelain enamel. The ELECTROCHEF is built to last a lifetime. There is nothing to wear out except the heating elements, and these are easily and inexpensively replaced. All corners are rounded, even the inner oven shell. There are no cracks or crevices to collect dirt.

With every ELECTROCHEF, a seven-piece cooking set of heavy-duty Mirra-aluminum is included without extra charge. These utensils (illustrated below) are specially designed for use with the ELECTROCHEF electric range. Cooking is one-third faster and the electricity needed for a cooking operation is reduced by about the same amount. See the ELECTROCHEF today at any Detroit Edison office. Cash price installed \$105; down payment \$10, balance \$6 a month. Ask about the allowance for your old stove—any kind or make. (Sales under these conditions to Detroit Edison customers only.)

*A study of 500 homes showed that the cooking cost with the ELECTROCHEF range averages 64c a person per month.

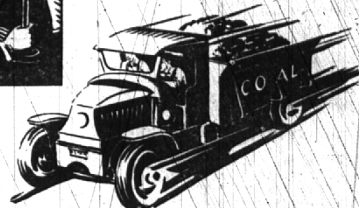

THE DETROIT EDISON CO.

Confidence No one ever makes a mistake by placing his confidence in this organization. We have always been aware of the fact that our services are virtually sacred in nature, and never allow that thought to stray from our minds for a single instant. Those we are called upon to serve are certain of reliable, courteous, efficient, reverent service.
