A few moments later, another ace was made on the same hole by Dr. Hayzen Street, playing a foursome with his brother, Dr. W. F. Street, and R. L. Peet, and E. B. Alexander.

Semi-final matches in the first flight resulted in victories for Dr. W. F. Street over E. B. Alexander, seven and six; and R. E. Anglemier over H. B. Tyree, three and two. In the second flight, C. W. Loomis defeated Sherwood

More than 60 persons attended the first session of the Baldwin high school night school held Tuesday evening and that total is expected to be increased to 75 students by enrollment tonight in the school's second meeting, according to Melvin C. Hart, Baldwin high school principal.

Commercial subjects proved to be more popular with the students, pupils who ranged from high school students, and maids, to of. Ece workers and married men and women. Typing was the subject of greatest appeal and all of the machines available were used during the evening.

Two English classes were formed, one a class in Business English and the other a beginning English class for foreign born

## WE HEARD IT SAID BY—

Clarence Vliet, superintendent of public schools here: "The caddie problem is becoming an alarming one for solution. Unlike golf club officials, accept their responsibility, and see that caddies are made to respect private property when traveling to and from golf clubs; it seems to me that legislation must be resorted to. Caddies are becoming a frequent delinquency problem of very great concern."

students. Mechanical drawing classes and a class in Manual Arts probably will be formed soon. Miles W. Robinson, instructor in these departments will take charge of these classes if they be formed.

## H. Eesman Injured In Auto Accident

Friday night, Eesman's car collided with another machine driven by David Cunningham, 1440 21st street, Northside.
