The Stuff that Fires are made of—

There seems to be no good reason why home owners should use cellars as "trash receivers." Yet they do. The average basement should, instead, be an extra "room" in the house. This is National Fire Prevention Week, and in this great movement in the direction of fire-fighting, we can be of help. Let us inspect your furnace and make any necessary repairs. We will also clean it. The prices are reasonable.

" THE EASY STARTING OF NEW RED CROWN ETHYL GASOLINE BRINGS OUR CUSTOMERS BACK AGAIN AND AGAIN "

THE amazing acceptance of New Red Crown Ethyl is quickly explained. It rides into motorists' favor because it starts easier, rides steadier, speedier, smoother than any other fuel they've ever tried. It has soared into leadership, and stays there because of the zip, the pep and power it delivers to any motor—new or old.

Every day—every month—this super-volatile "KNOCKLESS" fuel gains more customers.
