Society

(Continued from Society Page Part 1)

MRS. C. R. EVANS, formerly of Wing Lake, sailed last week-end from San Francisco to join Mr. Evans in Australia, where they expect to reside for the next two years. Mr. Evans became established there a short time ago. Mrs. Evans was in Birmingham last week, and was the guest of Mr. and Mrs. R. C. Moulthrop, of Cranbrook road.

Mr. and Mrs. Samuel Plotkin, of Yorba Linda Park, have returned from a nine month's stay in Los Angeles, Calif. Mr. and Mrs. Plotkin announce the marriage of their daughter, Miss Sophia, to Mr. M. Phillips in Los Angeles, Aug. 19. Mr. and Mrs. Phillips are residing in Chicago, Ill.

MISS Frances Murray, of Pilgrim road, will enter Penn Hall as a student, Sept. 22. Miss Murray and her parents, Mr. and Mrs. D. C. Murray, will motor to Chambersburg, Pa., leaving Birmingham Saturday.

Mr. Robert North, of Cleveland, was the guest last week of his uncle and aunt, Mr. and Mrs. W. P. Neville, of Sheffield road, after accompanying them to Birmingham by motor from Cleveland where they had spent the previous week-end visiting Mrs. Neville's mother, Mrs. H. Mackin.

Mrs. R. E. Noyes, of Columbus, O., and her son, Dr. A. H. Noyes, have been guests for the past week of Mr. and Mrs. R. F. Noyes, of Woodale avenue.

Mrs. Carleton Fox, of Riverside drive, entertained members of her contract bridge club at Lincoln and bridge Monday.

Mr. and Mrs. William C. Rowland, moved Saturday from Hanna street to 987 Madison avenue.

Mr. and Mrs. Don O. Scott, of Pilgrim road, left Sunday for a two month's tour of the Continent. They expect to visit Italy for the first time, as well as seeing

PIONEER WOMAN DOCTOR VISITS U. S.

Dr. Leung Yuk Yi
One of the first Chinese women with the courage to break the traditions that prevented oriental women from becoming physicians, Dr. Leung Yuk Yi of Canton, who is now visiting the United States to spend several months studying medical methods as practiced on this continent.

The Passion Play at Oberammergau, Germany.

Mrs. Robert Hutchinson, of Barbour Terrace, left Saturday for a fortnight's visit with relatives at Ludlow, Ill. Mrs. Jane Hutchinson, of Paxton, Ill., who is Mr. Hutchinson's mother, will visit her son during his wife's absence.

Miss Leah and Miss Barbara

SHOE COMPANY TESTS PRODUCT

Seeks Technical Information About Life Of Foot-wear

In order to secure additional technical information about foot-wear, and to gather accurate and detailed performance data, a large Ohio shoe manufacturing concern now makes actual walking tests of its footwear.

A testing corps of four young women has been organized, each wearing a different type of shoe, and walking about 18 miles daily over brick, concrete, cinders and gravel.

The average piece of footwear travels approximately 100 miles before it is discarded, the tests showed, although zippers and bows under grinding tests have gone as far as 400 miles before wearing out.

Each time a new compound or a new construction feature is incorporated in the manufacture of a foot or shoe, rigid walking tests are given the new product before it is placed on the market.

Weekly reports are kept on each shoe, and at the conclusion of the tests are indexed and used for further testing, facts that could not be obtained in any other way.

One man is employed to test boots, walking over the country-side near Akron and checking his mileage carefully with a pedometer.

Eight Hours
The federal government will take a full year to study store merchandising in St. Louis, DeWitt says, suppose, one day to try.

daughter, "the best child, a mother could have."

Mrs. Sidney Webb of London will continue to use that name, though her husband, secretary for the dominions, has been made Baron Passfield.

Mrs. Stoddard of Van Nuys, Calif., recently won a \$100,000 prize in a contest open to high school journalists.

Anybody can do a good job with this marvelous paint...

With Artlac, you can take old furniture that was banished to the attic and change it into bright, sparkling new things for every room. And you can do it all yourself. It goes on any surface, painted or unpainted, from rough wood to glass. It flows on easily and smoothly. And it dries in from three to four hours—dries into a surface as tough as varnish. Come in and learn more about Artlac. See the 30 Devoe artistic colors. Let us show you the attractive effects you can get with them.

This menu may be served to your bridge guests at luncheon, would even serve for a wedding breakfast menu by substituting a fruit cocktail for the first course.

BLUEBERRY TEA MUFFINS
One-fourth cup shortening, one-third cup sugar, two eggs, two cups flour, five teaspoons baking powder, one teaspoon salt, two-thirds cup milk, one-half cup blueberries. Cream sugar and shortening. Add beaten eggs and mix well. Mix and sift one and a half cups flour, baking powder and salt, adding alternately with the milk to first mixture. Drain blueberries with the other half cup of flour and mix in lightly. Bake in greased muffin pans in hot oven from 25 to 30 minutes.

course and wedding cake with cream, or preferably ices, for the last.

Today's Recipes
Crabapple Tomato Salad—One package lemon flavored gelatin mixture, one cup boiling water, one cup strained tomatoes (boiled), one-half teaspoon salt, one-fourth teaspoon pepper, two tablespoons lemon juice, one cup diced celery, one cup crabapple, four tablespoons chopped pimento, stuffed olives. Pour boiling water over the gelatin mixture and stir until it has dissolved. Add hot tomatoes, salt, pepper and lemon juice. Cool. Add rest of ingredients and pour into glass mold that has been rinsed out of cold water. Set in cold place to stiffen. Unmold on lettuce and surround with mayonnaise.

Suggestions
Dates are generally thought of as a confection. They are one of the best confections that we have, but they are more than that. They are a food and combine themselves with a great number of other ingredients. Dates are one of the most healthful foods we have. They absorb the rays of the sun and really represent imprisoned sunlight. They contain the constructive properties on which our bodies depend. Dates have a large content of digestible fruit-sugar, which the body absorbs as energy. They also contain protein for tissue building and have a valuable mineral content. They are an unusually well-balanced food, pleasant to taste and without the means of all.

If the dried tire of their cooked cereals try slicing four dates to each portion and cooking them in the cereal for several minutes. Dates are delicious when sliced over cold cereals also. Dates and rice make a fine luncheon dish for the family.

An entirely new flavor can be added to your muffins, batter by stirring in cut-up dates just before putting the batter into the

Wife Preservers

Like her famous outlaw grandfather, Jesse James, pretty Ethel Rose James, above, has decided to ply her trade on the highways only lawfully, as proprietor of a roadside cafe just opened by her father near Colver City, Calif. The guss, boots, spurs, with which she is posing, were once Jesse's.

ABOUT WOMEN

Mrs. Griselda Hervey of London left \$150,000 to her son and

Two dates to a muffin is about the right amount. If dates are added to muffins in which bran has been used the flour is especially fine. Served as a dessert, dates are very tasty and healthful. Wash and dry them, remove the seeds and cut the dates into halves or slice crosswise. Serve with thick cream or whipped cream. For a distinctive salad add

Useful Memoranda
Keep in your purse a list of measurements of husband's and son's shirts, union suits, socks, gloves, and a similar list of ready-made garments your daughters wear. When shopping and you see an especially good bargain, you do not need to buy by guess, but can be sure of getting the correct size.

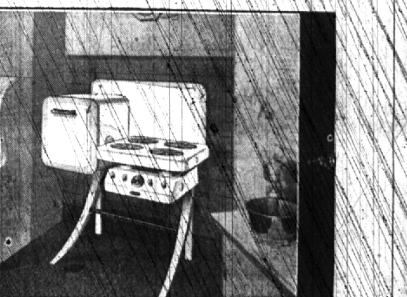

SEMDAC
FURNITURE DRESSING
cleans and polishes

SEMDAC performs wonders on furniture. It's an emulsion of a pure, sweet scientific ally progressed into cream-like consistency. Grease and grime go down before it like magic. Fry it today on your furniture. You'll like its rapid action, and the little effort you use in applying it. And most of all you'll like the lovely luster it imparts. Get a bottle today.

Now the Fast ELECTROCHEF electric range becomes even Faster!

Your new ELECTROCHEF electric range includes a seven-piece set of aluminum cooking utensils with black heat-absorbing surfaces. Long ago science discovered that white surfaces achieve maximum heat radiation and, per contra, that black surfaces should be used for maximum heat absorption. "Black bottom" cooking utensils were therefore designed for the ELECTROCHEF electric range. When tested, these special utensils reduced cooking time by one-third, and, because they were such efficient heat absorbers, the amount of electricity necessary for a cooking operation was reduced by about the same amount!

Add to the scientifically designed ELECTROCHEF the seven-piece set of scientifically designed cooking utensils, now included with every ELECTROCHEF electric range without extra charge, and you have in your kitchen the finest cooking stove that science and industry can give you. Five thousand women in Detroit and vicinity have chosen the ELECTROCHEF electric range since its introduction twelve months ago; a million housewives in the United States cook electrically. Have you yet chosen this modern-to-the-minute cooking method for your kitchen?

See ELECTROCHEF demonstrated at any Detroit Edison office. Cash price \$105—installed, ready to cook, including all necessary wiring and the seven-piece set of high-speed cooking utensils. Down payment \$10; balance \$6 per month.
