ELECTROCHEF electric range

*A study of one thousand families using the ELECTROCHEF electricage showed a cooking cost of less than one cent a meal a person

"One of the best things about my new ELECTROCHEF electric range is the automatic timer clock that my husband bought recently. It gives me added hours of freedom and enjoyment! Now I can have the whole afternoon to myself — for shopping or the theater or

playing bridge — and have a delicious hot supper ready for my family, exactly on time.

"I simply put the meal in the oven before I leave, and set the clack for the correct cooking time. Then I forget all about it. The clock turns the oven on and off automatically, and at six o'clock the meal is

waiting—perfectly cooked and ready for the table!"
