ART MONOTONE

The Detroit Sunday Times, inaugurating this

innovation, takes another step in its history of

progressive journalism, and is the only news-

paper in Detroit offering four-color Gravure pic-tures. Next Sunday, May 3, this new section will present reproductions of three famous paint-

ings by the gifted Julius Rolshoven. Also, pictures of yachts, popular screen stars, society figures, fashions and attractive girl participants in the Annual Blossom Festival. A collection of photographs recalling bygone days is included.
