Ankle Length "Honey" FROCKS

Wash Fabrics

So truly sweet that the name "Honey" is the only one that seems to fit these new Frocks that will sally forth to parties, dances and all other "stepping-out" occasions except the most formal events.

When the "crowd" is at your house, or you go to where the "crowd" will be, just slip into your, "Honey" Frock and be admired and envied.

The styling of "Honey" Frocks is the modern interpretation of the modes that

gave glamour and grace to Colonial and

Empire days; "Honey" sweetness that

has an irresistible charm, plus the vogue

rics are used in these new Frocks, such as "printed Chintze, printed Handkerchief Lawns and printed Voiles, in patterns of soft, delicate tones.

> Other Frocks from \$1.00
