Clothing And Furniture Asked For Rummage Sale

When the spring sunlight dances through the dusty panes of the attic windows and shows up a child's or two in a signal that house cleaning time has arrived. What to preserve, and what to dispose of, is the question which must be solved annually by the housewife in her attic cleaning campaign.

Here is a practical and helpful solution to the problem. The annual rummage sale to be sponsored by the League of St. James Women will be held at the Park House, Apr. 15, 16, 17. Members of the League desire to hold the sale at this time for a dual reason. It will help housewives who wish to dispose of articles collected in the house-cleaning process, and to have a greater variety of objects to sell.

The League will welcome in addition to the clothing always good articles of furniture, dishes, toys, jewelry, garden equipment and supplies.

For the convenience of those who wish to leave articles at the Parish House will be open from Monday and Tuesday from 9 a. m. to 4 p. m. Others who will not be able to leave their contributions at the Parish House at that time may call Mrs. L. E. Holbert, chairman of the motor corps.

The committee on call also includes Mrs. Charles Elton Beck, Mrs. Charles A. Brown, Mrs. William R. Hock, Mrs. T. R. Donovan and Mrs. R. E. Anderson.

Mrs. R. J. Taylor of Southfield avenue will entertain the St. James bridge club at a bridge luncheon this afternoon.

The Fast Noble Grand club of the Belvedere lodge met Tuesday evening for a business meeting at the home of Mrs. Cassius Carter of Ann street. Games were played and refreshments served following the business of the meeting. Eleven members were present.

EARLY GOLFERS OPEN SEASON SATURDAY

The rule of King Golf as the monarch of spring is again unswerving. And the weather man was in a friendly mood Saturday and Sunday, with the result that golf dates from one end of Oakland County to the other threw the golf clubs into the rear seat, filled the tank and started the car on the old familiar road to their favorite course.

Country Club has a record attendance on the course for a date as early as the opening of the late winter. Over 400 couples played on the course over the week-end, it was estimated. On Easter Sunday as many as 200 played during the day, and approximately the same number on Monday, which was the opening day for the 1931 season.

A goodly number enjoyed the course at the Blooming Hill Country Club, which is open the year around. At the Orchard Lake Country Club similar enthusiasm was shown among members as they rallied to the short hole opening of the late winter official season. As a matter of fact, the locker room does not open until Apr. 15, the day meant nothing to the fans who played Saturday and Sunday.

At all clubs, the season will be in full swing until the last of the month. The late winter tournaments are planned, and the bridge table vies with the golf course for popularity.

Among other clubs where early golfers were numerous were Birmingham Golf Club, the Forest Lake Country Club and the Pine Lake Country Club, where more than 100 played over the week-end.

Comedy and Mystery On Players' Program
Picture in your mind's eye, a nudging camp in the Canadian woods, far removed from the safety of civilization. Imagine there, two backwoods men, suite a part of the picture. So, a comedy and mystery environment are a city-bred man and his very modern wife, as compared to the two backwoods men. This picture and you have the setting for the drama, "Brothers in Arms," to be presented by the Village Players, Apr. 11.

"Brothers in Arms" will open the picture which includes a dialogue, a playlet and an amusing little skit.

As a contrast is an important feature of every dramatic program to hold the interest of the audience and to show the versatility of the players, there is sharp contrast in the program. To follow comedy with a monologue written by Eugene O'Neill makes a contrast. "Anything might happen" "Before Breakfast" is the title of the play, when one is over one-hundred.

"Cannot Be Enforced" "It was formed for the purpose of fighting for the repeal of the eighteenth amendment in order to substitute the law of the land for the Constitution of the United States and the Declaration of Independence. We stand unshakably opposed to the saloon. In equal blindness, we are opposed to the law of the land and the pocket flask. We believe that the only way to prevent the return of the old and to keep out the others is to give to the states the right to exercise a sane and effective control of all alcoholic beverages. The prohibition question is the most vital before the people today. It must be faced. The posters submitted in the Michigan poster contest, which were judged and state prizes awarded, have all been sent to the Washington convention where they will be judged in competition with posters from other states. The Michigan winners are Jay Hoersma, first; Herbert Grunt, second; and J. Christopher Koffler, of Birmingham, third. Mrs. F. F. Fylybush's studio is in the Union Trust Building, Detroit.
