400 EXPECTED AT OPERETTA

Barnum Juniors To Present "Windmills of Holland" Tomorrow Night

The first annual Barnum Junior High School opera, "The Windmills of Holland," will be presented in the school tomorrow evening under the direction of Mrs. Edith Roach Corryell, supervisor of vocal music at Barnum School.

The action of the opera is concerned chiefly with the adventures of an American salesman in Holland and the play is replete with amusing situations for experiences there while endeavoring to sell the said Dutch farmers a new electrical device.

There are more than 40 members in the cast and this number includes the "band" and "harmonic" choruses, the girls' chorus and the boys' and girls' chorus.

The stage scenery is being constructed by the Barnum school manual arts class under the direction of Alfred Schalm, manual

TRACK CANDIDATES REVEAL PROGRESS

Good Weather Enables Squad To Practice Regularly, 30 in Field

With better weather conditions revealing each day track practice at Baldwin High School is making long strides ahead, according to Franklin Whitney, coach.

Mr. Whitney urges all candidates for next season's football team to get out for the track squad as track is one of the best conditions for a football player.

Immediately after spring vacation Mrs. Whitney will begin work with the Baldwin junior high school squad. More than 40 men are expected to report for the first practice session.

ASPIRANTS FOR NET TEAM

More than 35 boys have reported in the Baldwin High School gym for the initial practice of the net team under the direction of William Maywood.

Mr. Maywood's first year as Baldwin tennis instructor and he is not yet to issue any statement as to the team's probable chances in the S. E. A. A. league.

Mt. Vernon Named For British Admiral

Mount Vernon, the home and state of George Washington, undoubtedly the most famous stirring in American history, was named after Admiral Edward Vernon, of the British Navy, according to the Division of Information and Publication of the George Washington Bicentennial Commission.

The location itself is excellent, to begin with. It is 126 miles north of Pontiac near U. S. Highway 23, near enough home to permit parental supervision, and yet far enough to make camping a pleasure.

The daughter did not long survive her father and Mount Vernon became a vast property for the George Washington. In a letter to a friend in London, soon after his arrival in America, he wrote that the estate was more pleasant situated in a high and healthy country.

A gigantic electric magnet weighing four tons has been designed to lift a load of 30 tons.

Those Were the Happy Days!

Ask any of the 400 boys who attended the Oakland County Y. M. C. A. Camp on Loon Lake last summer! They'll tell you there's a real kick in outdoor life in Michigan's North Woods!

Just a few weeks more and the woods up around Loon Lake, where the fragrant blossoms of the cherry trees are in bloom, will be beneath the snow.

Even the lake itself bears little resemblance to the many Oakland County bodies of water, beautiful as these are. Loon Lake has the charm of wildness, a primitive, unspoiled beauty, which so far as the immediate vicinity of the camp is concerned, will be permanently preserved.

The activities of the camp include bathing, boating, fishing, different kinds of handicraft, and various phases of nature study, all conducted by trained specialists in these lines.
