# CRASH NETS JAIL TERMS FOR PAIR

**Negroes, Chased By Officer, Hurt When Car Hits Truck**

Two Pontiac negroes are serving county jail terms as the result of a traffic accident early last Thursday morning at the corner of Woodward and Quarton roads following a chase by a police officer for the pair, both of whom were charged with being intoxicated.

According to the officer, Patrolman Henry Timm, he was attempting to pass a coupe as it was travelling north on Woodward to arrest the driver, but was unable to head the car off before it crashed head-on into a truck at the Quarton road intersection.

William Stratton, 90 Jackson street, Pontiac, the driver, suffered a crushed chest, and after spending several days as a police prisoner in St. Joseph Mercy Hospital was sentenced to 60 days in jail for drunk driving. His companion, Ed Jameson, who received cuts on hands and face, was sentenced to 30 days for being drunk. Both terms were imposed by Justice Floyd S. Buck in default of fines.

The driver of the truck was unhurt. Police estimated damage to the two vehicles at $350.

**Milford** township received recognizance from the Oakland County Commission, when a delegation from that section spent some time in the county seat last week.

The purpose of the delegation's visit to Pontiac was relative to the township roads that are to be taken over by the county, for building, maintenance and jurisdiction. It is estimated that in Milford township alone, 53 miles of roads will be now under the guidance of the commissioners.

The law authorizing the commissioners to act was passed at the last session of legislature.

**Celebration Crowd Sees Merchants Bow To Royal Oak Firemen**

The Birmingham Merchants proved no match for the hard-hitting Royal Oak Fire Department nine, losing a 15 to 7 decision to the visitors last Saturday afternoon in a game played before a large crowd at Bloomfield Township Park as a part of the Grand Trunk celebration.

Birmingham took an early lead when it scored three counters in the second frame, but the Royal Oak nine came from behind in the later innings and continued their attack to win handily.

Forkel, Royal Oak third baseman, had a perfect day at bat, making five hits in five trips to the plate and scoring five runs. Hadlicka, Royal Oak flinger, struck out 11 Birmingham batters.

# ASTHMA and HAY FEVER

I have prepared the following brief analysis of the cause of Asthma and Hay Fever and the methods I am using to cure these two diseases for those who are susceptible to them. . . .

In all cases of Asthma and Hay Fever mechanical disturbance is the underlying cause. There is an anatomical and physiological relationship that links nerve irritation and consequent lack of nerve force with the above diseases. Disease is a disordered function. When function becomes weakened, we chiropractors look to the structure and to the habits of the patient for the cause. Pollen from weeds and flowers is only a secondary cause of Hay Fever. Those who are susceptible have some primary structural weakness and it is with this weakness my method is concerned. Next in order is to correct the chemical disturbance brought about through dietetic errors.

Make an appointment for consultation by calling 15. You may not be obliged to go north this year.

# *Drivers of sixes never want less*

***because it takes six cylinders to give the smooth, silent power that makes driving really enjoyable***

CHEVROLET Drivers of sixes are spoiled for anything less. Drivers of sixes are sold on multiple cylinders. They would no more think of giving up "six" performance than any other *real advancement* of motoring. For them, the whole cylinder question has been settled.

Slip behind the wheel of a Chevrolet Six, and you'll know why these drivers feel as they do. Step on the starter, let the motor idle—and notice its *silence*. Throw in the clutch, shift into "low"—and feel that *smoothness*. Change into "second," hit a faster and faster clip, slip into "high," sweep along at top speed—then throttle down to barely a crawl. The smoothness and flexibility you *always* get are *six-cylinder* smoothness, *six-cylinder* flexibility. Annoying vibration is gone!

Over two million owners have tested and proved this six-cylinder Chevrolet engine. They have found that it costs less for gas and oil than any other. They have found that it actually reduces upkeep costs, by holding vibration to a minimum. They *know* a six is better in every way—and they would never be satisfied with less!

*Twenty beautiful models, at prices ranging from* $475 *to* $675 *all prices f. o. b. Flint, Michigan, special equipment extra. Low delivered prices and easy G. M. A. C. terms.*
