St. Nick sneaks a snack from the ELECTRIC REFRIGERATOR

YOU think old Santa doesn't need an electric refrigerator in his home up north? Be that as it may, the smart old gentleman has one—it's the first thing Mrs. Santa demanded after the honeymoon. Hardly a night goes by that he doesn't sneak down into the kitchen and help himself « » » And—(here's a secret he wouldn't want known!)—he never starts out on one of his long annual jaunts without first partaking of liquid refreshment, poured sparkling-clear in a tall frosty glass tinkling with ice cubes.

ELECTRIC REFRIGERATORS $149.50 up. Cost of operation 75c to $1.50 per month

Guaranteed Electrical Gifts are sold by your neighborhood electrical dealer, hardware dealer and department store.

Detroit Women Writers Hear Miss Porter Of Eccentric Staff

Newspaper work as a profession for women was discussed at a meeting of the Detroit Women Writers Club held at the Women's City Club in Detroit recently by Miss Marjorie Elaine Porter, editor of the column "From A Woman's Angle" and society editor of The Birmingham Eccentric.

"Why do women choose newspaper work as a profession? Some believe it to be the logical route to authorship because of the wealth of experience to be gained through the work and because of the training it offers in the science of writing," Miss Porter said.

"Others have chosen it by a process of elimination because they would rather do that sort of work than any other. Then we find a third group of young women who go into newspaper work as they would go on a slumming party, for the romance and color they think it affords, and because their conception of the profession is based upon the stories they read and the plays and movies presented showing newspaper life."

"If authorship is the newspaper woman's goal, her work on any paper, large or small becomes a great laboratory from which she may choose as many 'specimens' as she will for later writing," Miss Porter concluded.

"But the important things for women to remember, are to pick the job for which they are fitted in the beginning, and then to remember that variety is not the spice but the bread of life in newspaper writing.

Baldwin Graduate Wins State-Wide Speaking Contest

Miss Mildred Patterson, a graduate of Baldwin High School in the class of 1928, won first place in the woman's division of a recent statewide extempore speaking contest in which nine colleges were represntd at Michigan State College, according to information received here from East Lansing.

Miss Patterson represented Michigan State in the contest, speaking on "Jane Adams and the Foreign-Born in Chicago" as her subject.

While at Baldwin, Miss Patterson was an honor student interested in many school activities, and was a varsity debater for three years.

She is the daughter of Mr. and Mrs. W. C. Patterson, who formerly lived on West Frank street here, and who are now residents of Kirkwood, Mo., where they moved about a year ago.

FAIREST CO-ED AT LOUISIANA TECH

Students of Louisiana Tech think that Dorothy Harrell of Ruston, La., is the fairest maiden in their midst. And that isn't hard to understand. She polled most votes in a group of 18 candidates.

Weakened by insufficient food and shelter, thousands of Michigan children are threatened by tuberculosis. They must be protected by health services made available through Christmas seal funds.

ACTION in 5/1000ths of a second

That's how long your motor allows for gasoline to do its work when you're driving 30 miles per hour. Every time a cylinder fires the gasoline must ignite, burn and start the piston downward in 5-1000ths of a second. And it must burn completely or you'll be troubled with carbon—it must burn evenly and instantly or you lose power.

It takes a *premium* grade gasoline, such as Purol-Ethyl, with surging power *refined into* it, to give you this full-powered, hair-trigger action your motor requires for maximum performance!

Ethyl fluid in Purol-Ethyl utilizes *all* the power of the gasoline by eliminating the "knock". But in Purol-Ethyl, the gasoline itself is packed full of eager energy.

It ignites instantly, making quick starting a reality. It burns evenly, eliminating vibration. It burns completely, leaving less carbon, and gives greater mileage because all of it is converted into purring power.

Unleash the full power of your motor—get *out* of the power plant all your manufacturer built into it. Fill up today with Purol-Ethyl and enjoy split-second performance. There *is* a difference.

Purol-ETHYL

Thousands of motorists are finding Purol Pep gasoline satisfied—and better than regular at regular price.

Tidewater, the 100% super Pennsylvania State Oil is economical—because it lubricates longer—costs less per mile.
