CHRISTMAS Christmas morn has alot of cheer And so has the merry happy New Year. And then I have to leave my toys And go out and play with other boys. And I love to look at our Christmas tree. As it's great big arms stretch out to me. But just before Christmas mother hides. The beautiful Aeroplane that glides. And then when Christmas day is done We have to look for other fun And now that this wonderful day is over I wish you a happy New Year.
