Subscribe to The Eccentric \$2.00 per Year. Two years, \$3.50

The Right of Privacy

The feelings of a stricken family are too often disregarded by thoughtless and curious neighbors. There are too many factors that go towards making the family home an inappropriate and unsuitable place to conduct the final service.

Provision has been made in our funeral home for accommodating immediate members of the family so that they may see and hear the services without being exposed to the public view. It is an appreciated phase of our service.
