THE NEW FORD

Everything you want or need in a motor car

THE more you see of the new Ford, the more you realize that it brings you everything you want or need in a motor car. . . . And at an unusually low price.

Its substantial beauty of line and color is apparent at a glance. Long, continuous service emphasizes the value of its simplicity of design and the high quality that has been built into every part. The new Ford accelerates quickly and it will do 55 to 65 miles an hour. It is an easy-riding car because of its specially designed springs and four Houdaille double-acting hydraulic shock absorbers. It has fully enclosed four-wheel brakes and the added safety of a Triplex shatter-proof glass windshield. Operation and up-keep costs are low and it has the stamina and reliability that mean thousands of miles of uninterrupted service.

See the nearest dealer and have him give you a demonstration ride in the new Ford. Check up every point that goes to make a good automobile and you will know it is a value far above the price.

THE NEW FORD TUDOR SEDAN

LOW PRICES OF FORD CARS \$435 to \$660

F. O. B. Detroit, plus freight and delivery. Bumpers and spare tire extra at cost. Ford on credit terms through the Authorized Ford Finance Plan or the National Credit Company.

WE HEARD IT SAID BY—Leigh Lynch, president of the School Board, "The only time we ever see citizens of the school community at a Board meeting is when someone criticizes a policy rather than to help the Board. But we need help from the citizens. We need constructive help. There are a lot of important questions coming up at every meeting. Solutions to the financing problem is most urgent now."
