The word "Marshmallow" arouses a sense of distastefulness—it is because you may have been the victim in the past of some baker's use of prepared marshmallow powder which, unfortunately, is a not uncommon practice.

We mention this in explaining why Myers Devils-Food Roll is such a delight—even tho it is lined with marshmallow—because that marshmallow is blended by our cake bakers in our own bake-shops of the finest ingredients obtainable. **30 cents**

And if "Jelly Roll" gives you no pleasant reaction it is because Jelly Rolls are sometimes dry, tasteless cakes whose palatability is made possible only through its lining of jelly.

Myers Jelly Roll has been a favorite among our many patrons these 66 years because it is made with the fineness of touch and care of detail which distinguishes all Myers cakes and which results in a tasty, moist roll of which the fruit filler is but incident. **30 cents**
