

T S
and THAT

By G. R. A.

State Senator Chester M. Howell, of Saginaw, writes pieces for *Channing*. Always upon various subjects, mostly political. He is a great booster for Governor Hulett and detests every other man in every other of the chief executives. Last week "Chet" chided the folks who found it profitable to quarrel with another May and June. Life is like that, too.

LISTS TO CLOSE FRIDAY

Contests for all three places on the Birmingham School Board in the election July 13 were assured yesterday by Charles W. Kinnison, 348 Hawthorne road, announced his intentions of entering the race for the one-year term, opposing John E. Martz, 724 Lakewood road, the only other candidate for the office yet named.

Four candidates have filed petitions for the three-year term, of which one is to be filled. Only one day remains for filing petitions. The present board will meet tonight at 7 o'clock in High School tomorrow night at which time petitions which have been filed are to be received and presented.

Mr. Kinnison, the latest entrant in the contest, is a graduate engineer from Ohio State University in the class of 1911. He has been residing in Birmingham for the past 15 years, and at present is engaged in advertising and sales work for the Birmingham division of the Hosiery Manufacturing Company of Detroit.

He has two children, one a son and one a daughter.

CANDIDATES' VIEWS ASKED

Each candidate in the School Board election has been supplied with a list of questions drawn up by the Executive, which he will be asked to answer in writing to express his views on school problems and formulate his plans for the coming year. The results of the questionnaire will be published in next week's issue.

Who graduated from Baldwin last month, and the other a daughter, and who is now in the school.

His question demanded, "but that is foolish, it adds up to 120 percent."

Here's something to try on your bread-crumbs: "How do you spend your income?" As was asked, 10 percent for food, 10 percent for fuel, 10 percent for housing. His question demanded, "but that is foolish, it adds up to 120 percent."

On July 13 the citizens who comprise this school district will be requested by 41 members of the school board; the persons elected will dictate the plan and policy of education for the boys and girls. Several candidates offer themselves for your approval. Do you who they are, and what they believe in.

New Dog Ordinance Puzzles Commission; Adoption Deferred

How frequently should a dog be immunized against rabies? What is a fair penalty for dog owners to pay to redeem the family pet after it has been impounded?

On these questions the Village Commission deliberated last evening when the proposed new ordinance regulating dogs came up for a vote.

It had been hoped the new measure would be adopted in time to take effect on the 1st of August, but because of debatable points connected with the proposal it was referred back to Clare H. Ogden, village attorney, for revision. It will be presented to the commission for a vote next Monday evening.

After considering the advisability of immunizing dogs every nine months, commission members agreed that once a year was sufficient from the standpoint of public safety.

Commissioner Maurice Lowman objected to the fee of \$5 contained in the ordinance as the amount to be paid by the owner to get his dog back after impounding.

Mr. Lowman said, "and in times like these \$5 means a good deal of money to people in my circumstances." But they couldn't pay it, the children would have to give up the family pet. It would be a waste of a considerable amount of money for a dog to be kept at a price to be paid.

The commission agreed to change the amount to \$2, and to provide for immunization once a year. These changes will be included in the revision of the ordinance.

HAVE YOU MET?

Mr. and Mrs. Robert Tuttle who moved from the Indian Village Manor in Detroit two weeks ago to 648 Southfield road. Mr. Tuttle is associated with Advertising in the Hamtramck district. Robert, 6 years old.

Quiet 4th Foresen As Heat Discourages Holiday Plans

As far as an official recognition in Birmingham is concerned, July 4, 1933, will pass by as quietly as any other day. The postoffice and stores will be closed, but aside from this Birmingham expects to have one of the most uneventful Fourth's in its history.

No municipal demonstration has been planned, and those who celebrate will have to do so privately, as has been the custom of many country clubs in the vicinity.

All week Birmingham families are planning to spend the day at home without even a dinner party to mark the occasion. The warm weather of the last few days has discouraged any ambitious Birmingham families who had had for elaborate celebration of the Fourth.

Those who crave diversion and entertainment will find it at the many country clubs. Special golf tournaments are being arranged for both men and women golfers undaunted by the weather. The clubs also offer opportunities for indulging in other athletics and evening entertainments, and several are also planning fireworks displays.

Birmingham families in summer cottages will celebrate the day with swimming parties to which they are inviting friends from town.

Members of the Birmingham post of the American Legion and its auxiliary will celebrate the day in Pontiac attending the state convention which opened today.

THESS HAS FEE INCREASES ARE NOT RAISED

Vaughan Explains Action Of Board At Township Golf Course

The Bloomfield Township Board has not raised the greens fees to outsiders on the Township Park golf course, despite the fact that the board had believed it "inadvisable" to do so. It was explained Tuesday by Parry A. Vaughan, township supervisor in answer to questions as to why the action taken by the board at a meeting on April 20 had not been carried out.

At that time it was voted to raise the rates to non-residents to 50 cents for nine holes and 75 cents for 18 holes, which was passed, and has been carried out.

Since that time, however, the board has received many requests for increasing the fees still remains on the books as adopted.

Two gas stations were taken from the other two burglaries. The radiogram was reported Monday at the Quanton Gas Station at Quanton road and Woodbridge avenue where a side window was broken. TWO BARNUM SCHOOL TEACHERS QUIT POSTS

The resignation of Miss Virginia Struble, grade teacher at Barnum School, was accepted by the board of the state administrative board Monday night, and Superintendent Clarence Vliet was authorized to fill the vacancy.

The resignation of Miss Josephine Ford, science teacher at Barnum School, was also accepted.

HADJISKY, BACK FROM RUSSIA, HALES SOVIET FIVE-YEAR PLAN

By ALLEN TENNY

Helping to train the Russian people in the art of industry, the industrialist has convinced J. N. Hadjisky, Birmingham engineer, that the Soviet government is meeting even "more success than the Russians themselves expected."

The commission agreed to change the amount to \$2, and to provide for immunization once a year. These changes will be included in the revision of the ordinance.

500 VOTES TO OPEN BARNUM POOL

2-Week Trial On Admission Fee Basis Will Begin Today

MOVE IS WELCOMED

A scattering of Birmingham swimmers with joyful expectancy today opened the swimming pool at Barnum School following the warmly acclaimed decision of the Board of Education at its meeting Monday to open the swimming pool on a two-week trial on a basis of \$2.00 per week, nearly double the amount paid before the total time last year, according to Village Commissioner Clarence Vliet.

At his meeting Monday the Board of Education at its meeting Monday to open the swimming pool on a two-week trial on a basis of \$2.00 per week, nearly double the amount paid before the total time last year, according to Village Commissioner Clarence Vliet.

EARLY TAX RECEIPTS DOUBLE 1930 MARK

Village 1931 tax receipts up to late yesterday totaled \$22,175, nearly double the amount paid before the total time last year, according to Village Commissioner Clarence Vliet.

MANAGER LAUDS FINANCIAL STANDING IN ANNUAL STATEMENT

The annual report of Village Manager James W. Parry, an 18-page document containing detailed statistics of the village's financial standing and records of each year department for the year ending June 30, 1932, was read at its meeting Monday night.

The report was accompanied by a recommendation from Mr. Parry that publication of the document in pamphlet form be withheld until January, 1933, when it could be combined with the manager's report for 1933.

Most of the data contained therein has already been published in the news columns of the Birmingham Evening Post.

VILLAGE GETS PARRY REPORT

Manager Lauds Financial Standing In Annual Statement

The annual report of Village Manager James W. Parry, an 18-page document containing detailed statistics of the village's financial standing and records of each year department for the year ending June 30, 1932, was read at its meeting Monday night.

The report was accompanied by a recommendation from Mr. Parry that publication of the document in pamphlet form be withheld until January, 1933, when it could be combined with the manager's report for 1933.

PLAN SPECIAL EDITION

The Birmingham Eclectic will publish a special souvenir and program edition on the day of the Grand Trunk celebration, August 1. The publication will include valuable information on the history of transportation developments in this and other sections of the central Michigan region with details of the celebration and photographs of the persons and organizations who are contributing to the celebration. The edition will be a considerable material of a historical nature on the village and surrounding territory. The editor will be glad to receive appropriate contributions which would increase the interest in the community.

BOY, 3, TUMBLES TWO STORIES TO SIDEWALK

Falling out of a second story window from a home at 335 East Frank street Sunday afternoon, a 3-year-old boy, the son of Mrs. M. J. Shipley, Sr., suffered a concussion of the brain and several fractures of the face when he struck the sidewalk below.

The boy was treated by Dr. C. F. Taylor and taken to St. Joseph Mercy Hospital at Pontiac. He was discharged Tuesday and is now recovering at home.

3 ARE RE-APPOINTED TO PLANNING BODY

The Village Commission Monday night re-appointed three members to the village planning committee. They were Harlow N. Szyk, chairman; R. Corryell and Thomas Parker. Mr. Szyk has been chairman of the commission for the past three years.

The three members were re-appointed for services which are not purely governmental or regulatory in character, but more in the nature of service which the municipal government might find it desirable to have.

Grand Trunk Commuter Service To Open Aug. 1; Festival Plans Approved

Entire Celebration Group To Meet Here Monday Night

Railroad Donates \$1800 Toward Expenses Of Month Celebration

BOWKER GIVES ACCORD

Saturday, Aug. 1, was definitely selected the date for the opening of Grand Trunk commuter service between Pontiac and Detroit at a conference here Tuesday between Grand Trunk officials and members of the committee which is planning the grand celebration to be held in Birmingham to commemorate the dedication of the new station and the inauguration of Michigan's first commuter system.

Not all the representatives of the railroad who attended the meeting, including C. G. Bowker, general manager, and the engineers of the Grand Trunk, were present at the meeting, which was held at the city hall. Besides Mr. Bowker, the railroad was represented at the meeting by H. C. Thompson, general manager; H. L. McCaughey, general agent of the passenger department; and H. D. Ingram, general agent in charge of transportation.
