STATE OF MICHIGAN, COUNTY OF OAKLAND— <p>I, L. W. MARTINDALE, Clerk of said County, do solemnly swear that the above statement is true to the best of my knowledge and belief, and correctly represents the true state of the correct matters therein stated, as shown by the books of the bank.</p> <p>L. W. MARTINDALE, Clerk</p> <p>Subscribed and sworn to before me this 11th day of July, 1931.</p> <p>EDWARD G. MILLER, R. J. CORVELL, Notary Public.</p> <p>My commission expires Feb. 1, 1934.</p>				

**WE HEARD IT SAID BY**

**W. F. Adams** of Los Angeles, formerly of Birmingham: "About 90 percent of the activities of the human family are directed toward the manufacture and distribution of things that we want—not things that we need. A economic structure that is built upon such an idea is bound to have its

ing of numerous banking institutions. The high-talk talk of the 'Vege-Lacey' who considered a national authority on corporation, banking, and municipal law. Judge Lacey, of Oakland County, and has wherever he has appeared, been the eastern of citizens why it can not re-open, and render future service to this community, is not to be denied. "It is in good condition, and with the co-operation of all those interested in its finances, it should be able to pay its depositors 100 cents on the dollar. The First State Savings Bank stands high among the Detroit banking group, and it never lost its friends a dollar during the 25 years of its life in this community."

Judge Lacey said that the bank is a natural and gradual evolution, will become a creed with something really fine and noble. This belief is based on common sense and a knowledge of the people of Russia.

"With a more human and tender element insulating their gradually into the Soviet plan, Russia and the United States will eventually become the leading countries of the world."

**TROUT SWIM LAKE MICHIGAN EASILY**

Lansing—A swim across Lake Michigan divides one from many obstacles to a rainbow trout. In fact, according to the Department of Conservation, such a trip is rather ordinary.

The Institute for Fisheries Research of the department has reported that a trout tagged by Smith Brothers, commercial fishermen of Fort Washington, Wis., July 18, 1930, was recently caught at Junction Dam on the Manistee River. It also reported that a rainbow trout tagged at Junction Dam was later caught by Richard Lade and son three miles north of Manistowic, Wis.

There seems to be proof, according to the institute, that rainbow trout (steelheads) which live as adults on the Wisconsin side of the lake, use the Manistee River in Michigan for spawning purpose.
