We wish to bring your attention at this time the results of your year's operations in comparison to the anticipated expenditures as set forth in the Year's Budget. The fact that the actual expenditures for the year were $64,197.57 less than the total anticipated for the year in the 1930-1931 Budget is no doubt largely due to the careful and conscientious handling of your funds by those directly responsible for such work.

Very truly yours,
