

PICTURES OF THE 1931

Congratulations, Bir

New worlds for you to conquer! New tasks for the application of your energies and enthusiasms! New achievements for you to pioneer! All the glory with its reservoir of idealism, truth-seeking and clear thinking is now yours to use for the betterment of mankind!

Hitch your wagon to the most distant star. Make your life's ambition lofty. Work with unfaltering purpose toward the goal, but refer often to the chart,

A GIFT TO EA from the Mercha

There's a surprise graduation gift for each member of the 1931 graduating class of Baldwin High School. From whom? From the merchants of Birmingham who have seen those smiling faces (now about to receive their diplomas) since they were "knee high to a grass hopper." "Why not acknowledge those young men and women whom we have known these years, now that they face the future, and on whose shoulders falls the responsibility of keeping this world of ours a sweet and clean place to live? So they are going to make this gesture of friendly congratulations by a gift to each graduate.
