Strengthens Body, Brain and Nerves

The Hon. Eugene Seegar, United States Consul at Rio de Janeiro, says: "JOYZ Yerba Mate"—"It stimulates body, brain and nerves, and enables you to endure many hardships. I should like to see it given to our soldiers. It is preeminently a temperance drink and the temperance people of the United States could do useful work to popularize it. The cowboys use it instead of tea, coffee or water, and hardly ever use alcoholic stimulants. It is incredible what hardships they endure and how vigorous they are while often, for a successive number of days, they use nothing but Mate."
