

GOLF CLUBS OPENS SEASON WITH GAY SOCIAL EVENTS

To the man who wrestles with the sort of finance to which woman who is constantly endeavoring to mount obstacles of domestic responsibility, the country club is a little bit of Eden. It is one of those blessed escapes we hear so much about these days. To sit on the broad veranda and let the breezes blow wrinkles and worry away, is to relax completely, and relaxation is rejuvenation. One forgets the ups and downs of Wall street by tramping the ups and downs of a golf course in pursuit of the elusive "putt."
