HURT AS MILK TRUCK UPSETS

Driver Injured, White Fluid Covers Woodward Ave. In Crash

Hundreds of gallons of spilled milk made Woodward avenue near Long Lake road "the great white way" Sunday following the overturning of a dairy truck and trailer in a collision in which one person was injured and five others were bruised and shaken up.

Tony Brezensky, 427 Frost street, Flint, the driver of the truck, was thrown to the pavement and sustained bruises on the back after his truck, belonging to the Freeman Dairy Company of Flint, had collided with a car driven by Mrs. Ralph Stone of Cranbrook road, and overturned.

According to Bloomfield Hills police, the crash occurred when Mrs. Stone turned right off Woodward avenue onto Long Lake road. Brezensky, who was following close behind, swerved sharply to the right in an unsuccessful attempt to avoid hitting the car, and upset, milk cans flying in every direction.

Mrs. Stone was slightly injured and four others riding with her were scratched and bruised. They included two small grandsons of Mrs. Stone's, a daughter, Mrs. Henry Calkins, and a daughter-in-law, Mrs. Ralph Stone, Jr., both of Grosse Pointe.

Brezensky was removed to St. Joseph Mercy Hospital, Pontiac.

The lesson-sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Sorrow for wrong-doing is but one step towards reform and the very easiest step. The next and great step required by wisdom is the test of our sincerity—namely, reformation" (p. 5).

BLAMES POLITICAL ILLS ON PUBLIC

Citizens' League Head Scores Apathy Of "Good People"

Refusal of responsible people to run for public office, and failure of voters to exercise their franchise at the ballot box were cited as the gravest ills of modern politics in an address at the Birmingham Baptist Church Sunday night by William F. Lovett, executive secretary of the Detroit Citizens' League.

The American people are being governed as well as they deserve to be governed in view of the indifference they assume toward political matters, he declared.

"There are not enough good people in this country willing to make the sacrifice necessary for a politician to make in order to conduct the business of government properly," he asserted.

"When approached with the proposition to become a candidate for public office, most good people sidestep the issue, leaving the places open to be filled with persons of inferior intellect and integrity."

He beseeched Americans to follow the example of the English, who deem it an honor to hold public office, and warned that failure of responsible people to make use of their voting rights may result in absolute dominance by gangs and hoodlums, since this class never fails to turn up at the polls on election days.
